DESCRIBE EVENTS NIGHT OF MURDER

Witnesses Today Tell of Seeing Fred Dunn, the Accused, in Vicinity of Wife's Home

FIRST ONES PRESENT TESTIFY

Defense Attorneys, Who Have Pleaded Client is Insane, Will Not Place Defendant on Stand

The second day of the trial in which Fred Dunn is charged with first degree murder for slaying his wife, Cordelia Dunn, was in progress today in circuit court, and the defense will probably not begin their portion of the evidence until some time tomorrow.

All evidence introduced today by the state was not in a great measure contradicted by the defense. Witness after witness was introduced to reveal the happenings in Arlington on the night of September 18, when the shooting took place.

When the ill fated revolver was shown to the jury and identified by Sheriff Jones and others, Dunn did not bat an eye or show concern. The knife, with which his throat was cut, also was exhibited.

The case is not attracting the usual crowd that attends murder cases. Only a few of the seats in the court room are occupied, and most of these are witnesses and people from the Arlington vicinity.

The defense will attempt to prove by records and witnesses that Dunn is and for the past 15 years has been a person of unsound mind. Judge Sparks has rescinded his order granting the defense permission to call James Martin and Russell Shepperd, inmates at the state reformatory, to act as witnesses for the defense.

Attorneys for the defendant announced today that Dunn would not be placed on the witness stand to testify in his own defense.

Sheriff Jones in his testimony followed the details of the accident from the time that he arrived in Arlington, up until the present time. He did not testify that Dunn had ever suffered from an epileptic fit while in the jail, but stated that his eyes were often glassy and that he had peculiar moods.

Dr. F. H. Finlaw of Arlington testified that he was the first physician on the scene the night of the shooting. He stated that he examined Dunn, and found that his pulse was normal and his breathing regular, and as he did not show signs of breathing his last, he did not give him medical aid. He stated that his eyes jerked open several times, as if he was attempting to see what was going on in the room. He did not discover any knife.

Mrs. Lydia Finlaw, wife of the physician, testified that she arrived in Arlington on a car about 9:30 from Rushville, and when walking down the street, saw Dunn standing in the shadow of a tree near the Dunn residence.

Ed Sharp was a visitor at the Dunn residence on the evening of the shooting, and when leaving about ten o'clock with his wife in a buggy, noticed Dunn standing across the street from the house. Sharp said that he stopped in the pool room where Lee Rucker was working, and informed him that Dunn might do harm. Mrs. Sharp testified to almost the same thing as her husband had previously told.

The trial was resumed this morning at nine o'clock, following adjournment yesterday afternoon at four thirty. The first witness for the state this morning was Albert L. Miller, owner of a restaurant in Arlington.

He testified that his place of business is down the street a short distance from the house in which Mrs. Dunn lived. He stated that she and her small grandson were in his store about 8:30 on the night of the tragedy, and while in the store, Dunn passed.

Mr. Miller stated further than he closed up his store at ten o'clock that night and started up the street toward his own home, when he passed Dunn who was standing in the street. Mr. Miller said that he

ENROUTE TO NEW ORLEANS

Will Embark for Panama Canal Trip Thursday Afternoon

(By United Press)
Enroute with President-elect's special to New Orleans, Nov. 17.—The Harding special carrying the president-elect and his party left Brownsville at 10 o'clock this morning for New Orleans, where they will embark for the Panama Canal zone. The special traveled today over the plains of Texas. A few rear platform speeches will be made by the president-elect but he will hold to his relaxation as much as possible. The president-elect and his party will arrive in New Orleans tomorrow where the president-elect will go to the Chamber of Commerce for a speech. The party will embark for Panama about three o'clock in the afternoon.

ADVISES SELLING FLEET AT BIG LOSS

Former Assistant Chairman of The United States Shipping Board Testifies at Inquiry

DEPRECIATION TWO BILLION

New York, Nov. 17.—To get rid of the merchant fleet which is still operating at a loss, the government must do what it is asking the nation to do—reduce prices, the congressional committee investigating the United States shipping board was told today by Martin Gullien of Wisconsin, expert corporation reorganizer and former assistant chairman of the board.

He declared the market prices of tonnage had decreased to such an extent that a fleet of 1,300 vessels, which represents an original investment of \$3,400,000,000, already had depreciated in value to two billion dollars, at which price the government ordered them sold and which price they can not get.

The good ships now on hand cost the government on an average of \$220 a dead weight ton, he said. The government is now asking about \$150 per ton but the market price is only \$124.

WILSON REPLIES TO FELICITATION

Expresses Hope League Would be of Immense Value to the Whole Civilized World.

PRESIDENT'S WORK PRAISED

(By United Press)
Washington, Nov. 17.—President Wilson in a message to Paul Hymans, president of the league of nations assembly, today expressed hope that the league of nations assembly would be of immense value to the whole civilized world.

The president's message was in reply to the one received from Hymans praising Wilson's work toward the establishment of the league. The president's message follows:

"The greeting of graciousness sent me by the assembly through you, has gratified me very deeply. I am proud to be considered to have played any part in promoting a concord of nations with the establishment of such an instrument as the league of nations to whose increasing influence I look forward to with increasing confidence. Permit me to extend my personal greeting to the assembly with the expression of my hope and belief that their labor will be of immense value to the whole civilized world."

HAZING IS TABOO

Washington, Nov. 17.—Rear Admiral Scales, commandant of the United States Naval Academy, has taken up action against hazing by the upper classmen in the school. Secretary of Navy Daniels said today. The admiral is determined to prevent hazing at Annapolis. Daniels stated, adding that he is issuing orders at the school in order to break it up.

SNOW BLASTS THE HOPES OF FARMERS

Ambition to Have Corn Crop in Crib by Thanksgiving Will Not be Realized

TEMPERATURE MODERATES

County Weather Observer Expects Colder Weather by Thursday—Snowfall of Four Inches

(By United Press)
Washington, Nov. 17.—Snow, wind and rain storms are sweeping the United States, east of the Mississippi, on the wings of a storm centering over New York, E. Bowie, chief of the United States weather bureau, declared today.

Cold but fair weather will continue for several hours, the forecast said. Ship captains along the Atlantic coast have been warned to expect gales. The storm developed in the south and is moving northward over the coast states and Ohio valley, bringing snow in these sections.

Twelve inches of snow was reported in the coast states and snow was reported heavy throughout the Ohio valley, southeastern Michigan, western Pennsylvania and western New York.

The heavy snow last night, which was estimated by the county weather observer, Elwood Kirkwood, as being at least four inches deep, put an end to the hopes of most farmers who were expecting to have this year's corn crop in the crib by Thanksgiving day.

The majority of the farmers had to abandon their corn Tuesday when the snow continued unabated all afternoon. Although it was possible to work with the corn, farmers could not make much headway and husking corn in a blizzard was not regarded as any very pleasant pastime.

The wind rose last night and the snow developed into a first class blizzard. The snow drifted five and six feet deep along the country roads, it was reported this morning, and made travel in some places very difficult.

The temperature remained several degrees below freezing all day Tuesday, but moderated during the night and this morning the snow was melting and made the going rather difficult for pedestrians.

SHORTAGE OF RUBBER FOOTWEAR DEVELOPS

First Snow of Any Consequence This Winter Brings Big Demand For "Rubbers"

EXPLANATION OF SHORTAGE

The first snowfall of any consequence this winter developed a rubber footwear shortage in Rushville today. Some stores were unable to supply customers, but a few had a limited supply and were able to meet all demands.

The rush, particularly for overshoes, began early this morning because the slush and snow made some protection for the feet imperative. Rubber boots, arties and other heavy protectors of rubber and rubber composition were also sold in large quantities.

One dealer said that he had been unable to get scarcely any rubber footwear. His explanation of the shortage was the fact that production had decreased, due to the high cost of labor. He stated that labor in the rubber factories had demanded such high wages that the manufacturers could not produce rubber footwear at a price where dealers would buy it and had laid off many of their employees. This merchant stated that many of the rubber goods manufacturers in the last few years had built large storage houses all over the country to get out orders faster, but that all of them were empty.

SIX LOSE LIVES IN A MINE FIRE

Eleven More Miners Still in Shaft Are Being Rescued From Arnold Mine at Earlington, Ky.

SEVENTEEN ARE TRAPPED

Remainder of 150 in Mine When Fire Broke Out—Injured by Falling Slate

(By United Press)
Earlington, Ky., Nov. 17.—Six men are known definitely to have lost their lives in a fire which blocked them in the Arnold coal mine here. They were suffocated or succumbed to injuries received from falling slate.

Eleven more men being rescued are still in the air shaft, the doctors being afraid to move them further, fearing they will not live. These men were overcome by gas fumes and some were injured by the falling slate.

Three of the dead were white men and three were negroes, one of whom was still unidentified.

The bodies of the men still having a straw hold on life were brought through a tunnel which the rescuers dug around the fire. There were one hundred and fifty men in the mine when the fire started, but the seventeen men were trapped by the fire which blocked one entrance.

The fire started when a motor car ran over electric wires strung in the mine. One wire was broken. The roar of the flames could be heard on top of the mine and the smoke could be seen coming from the mine. Air was pumped back into the mine in an effort to put out the flames. The fire was finally brought under control today.

The bodies of the men were found in a single heap on the floor in a small chamber. W. Himes, a negro, who was also trapped, decided to take his chance with the flames. Wrapping his coat around him he ran the gauntlet of the blaze and came out with only a few burns.

ALLEGED PRACTICAL RESULTS ARE OBTAINED

Reports From Many Parts of State Indicate Experiment in Coal Control is Successful.

SITUATION BAD SOME PLACES

(By United Press)
Indianapolis, Ind., Nov. 17.—Practical results of the state experiment on coal control are being seen from surveys of Indiana cities today.

Reports from some parts of the state indicated, however, that the situation is acute with the first prints of real winter weather. In other places coal is being received and delivered and some relief is being obtained.

In some cities where the situation is serious, it is believed to have been caused by the refusal to cooperate with the demands of the state fuel and food commission's orders.

City governments in some instances are taking the matter into their own hands and are endeavoring to relieve suffering from coal shortage by the establishment of municipal coal yards.

RIOTING AFTER ELECTION

Many Reported Killed in Athens When Machine Guns Open Up

(By United Press)
Athens, Greece, Nov. 17.—Rioting broke out in front of the foreign office today as the result of the national election. Many persons, including a number of children, were reported killed when the space in front of the office was swept by machine gun fire.

Regent Condonotis is said to have refused the resignation of Premier Venizelos until the vote from the army has been compiled.

BOND INTEREST BEING PAID

County Auditor is Busy Taking up Coupons Due Nov. 15

The county auditor is busy just now paying out interest on gravel road bond coupons, which fell due November 15. The coupons come due every six months, May 15 and November 15.

A total of \$45,833.71 in coupons has been taken up since Monday and there are still many more outstanding. Up to October 31, coupons amounting to \$81,486.51 had been collected, making the total to date \$127,320.22.

The disbursements from this fund it is estimated, will amount to about \$140,000.

HUTCHERSON CASE AGAIN BEING TRIED

Damage Suit Against City of Rushville Comes to Trial in Greensburg Today.

JURY DISAGREED BEFORE

The city of Rushville was defendant today in a law suit in the Decatur circuit court at Greensburg, when the case of Grover Hutcherson against Rushville was being heard. The case is an old one, dating back for three years. Hutcherson ran into a traffic post at the corner of Second and Morgan streets, with his automobile, and after being tried in police court, he in turn brought suit against the city for obstructing the highway.

The case was tried in the circuit court here, and the jury disagreed. It was then stated that the jury voted 11 in favor of the city, and one for the defendant. The defendant filed a motion for a change of venue from the county and the case was sent to Greensburg about a year ago, just coming up for trial today.

The city was represented in Greensburg today by City Attorney George W. Young. The defendant was represented by C. W. Duncan of this city. Mayor A. B. Irvin and other city officials were in Greensburg as witnesses in the case. The case was heard before a jury.

TO START FUND FOR BAND INSTRUMENTS

High School Will Give Show Next Tuesday Night For Benefit of Boosters Club

TICKETS ARE NOW BEING SOLD

The Rushville high school will give a show at the Graham Annex auditorium Tuesday night, November 23, for the benefit of the High School Boosters club and the proceeds will be used to start a fund to buy band instruments.

It is regarded as certain that the show will be well supported because the undertaking is a laudable one. A band for the high school, it is argued, will be a wonderful stimulus for high school spirit and it is believed that one can be readily organized, once the money to purchase instruments is raised.

The show will consist of two main scenes and a minstrel part. Paul Spivey, William Pugh and Wallace Beer, who have a reputation for their work in previous home talent productions, will perform as black-face comedians and a number of other talented high school pupils will have a prominent part. There will be a number of vocal and instrumental numbers and selections by boys' quartets and girls' choruses.

Tickets are now selling at 25 cent each and may be reserved at Pitman and Wilson's drug store after 10 a. m. Saturday.

MOVE TO SHELBYVILLE

Mr. and Mrs. Perry Gosnell have moved from their country home in Orange township to their new home recently completed in Taylor street, Shelbyville, Ind.

WORK ON TRAFFIC POSTS IS STOPPED

Council Objects, Fearing They Will Look Like Monumental Shafts in Center of Streets

THE CONTRACT IS ILLUSIVE

Ordinance to Abolish C. I. & W. Flagmen at Sexton and Arthur Streets is Defeated

The city council held the regular session last night, and while the meeting was of short duration, the adjournment was held up on account of a couple of controversies.

One of the delays was caused by Will Dill, who appeared before the council protesting against the surcharge on electric motors. A. T. Mahin, superintendent of the water and light plant, attempted to show him the reasons why an extra amount is charged on the horsepower of each motor. The councilmen also explained to Mr. Dill that the ruling was made and authorized by the public service commission, and that the council was in no way responsible for the ruling.

Mr. Dill was protesting because he had a 30 horsepower and 10 horsepower motor, and although he claimed to use these only one or two hours daily, he is compelled to pay an extra surcharge on the 40 horsepower. All businesses using motors come under the same rate.

Then another matter came up regarding the new traffic posts which are being installed by some out-of-town concern. The contractor was ordered to stop his work, until the council and he can get together on the size and height of the base. The contract which the city councilmen signed with the concern is very illusive, and the base for one at the corner of Second and Morgan street has already been started.

The ordinance regarding the abolishing of crossing watchmen at Sexton and Arthur streets, came up for third reading and passage last night. When the vote was taken, the four councilmen present, voted it down. Two petitions had previously been presented protesting against the taking off of these watchmen.

A message from the C. I. & W. railroad stated that a representative from the railroad would take the matter of watchmen up with the councilmen at a future meeting. It was hinted that the railroad would continue their watchmen at these crossings on a reduced scale, as the petition filed by the citizens seemed to protest mostly on account of the switching and school children. It will probably mean that the railroad will ask the council permission to have watchmen on a five or six hour schedule daily.

HEALTH CONDITIONS ARE UNUSUALLY GOOD

Visiting Nurse Finds Work For This Season of The Year Lighter Than Expected

LITTLE SUFFERING IS FOUND

The unusually few cases of sickness in Rushville for this period of the year has been the cause for comment among physicians, health authorities and persons in touch with charity work.

The visiting nurse, Miss Fort, according to officers of the Woman's Council, has found her work lighter than she expected, as there have not been many calls for her services.

Charity workers today expressed the opinion, however, that conditions would not always remain so good because the kind of weather which has been experienced in Rushville in the last few days, is very likely to develop many cases of sickness. Suffering from the cold by a few families for the want of fuel has been reported, but this condition is not thought to be general.

School principals state that school attendance has been unusually good and that there have been very few children out of school on account of sickness.

EMPLOYMENT SERVICE WAS IN BIG DEMAND

Report for the Year Showed That 40,000 People Wanted Positions in the State

STATISTICS ARE GIVEN OUT

Indianapolis, Ind., Nov. 17.—More than 40,000 applicants for employment were registered in the various branches of the Indiana employment mission during the year ending Nov. 20, a report submitted to the board here today announced.

The report was based on reports from city branches of the commission in Fort Wayne, Evansville, Ellettsville, South Bend and other cities.

The report shows that 5,005 women registered in the various branches and 3,680 of these were placed in positions.

There were more civilian applicants received by the bureau than there were ex-service men. The number of ex-service men and women combined totalled 12,889 of whom 7,184 were ex-service men.

Fort Wayne ranked next to Indianapolis in having the largest number of applicants.

This year according to the report is a record breaking one.

The report also shows that the mission will return \$12,348 of appropriation of \$38,000 to the Treasurer.

Applicants were classified as follows: Civilians, 31,765; soldiers, 1,124; women 5,005.

Those referred to positions and those who were classified as follows: Men 24,275; Soldiers 5,426; Women 3,680.

CONSTANTINOPLE FULL OF REFUGEES

European Diplomats Concerned About Fate of Thousands of Civilians Made Homeless

FRENCH REPRISAL THREAT

Constantinople, Nov. 17.—The fate of thousands of civilians who left Sebastopol following the Bolshevik triumph, was worrying European diplomats today.

General Wrangle arrived last night with nearly 20,000 troops. He had no plans to announce.

The French representatives reported that they would threaten the Turks with reprisals if harm came to the civilians left in Sebastopol. Thousands of civilians were left in Theodosia and other cities. Soup kitchens have been established here to provide soup. Military barracks were filled with homeless men and women. Refugees lolled about the narrow streets despairingly.

Many of them were left homeless, especially those who could not pay and thousands occupied the ships and vessels which brought them here.

BLESSINGS MORE THAN MATERIAL

In other times a Thanksgiving editorial was a motley of statistics and boastfulness. We had grown so many million bushels of grain; our cattle on the thousand hills had increased so many hundredfold; our clearing-house statistics had never been surpassed; our per capita wealth was the greatest in the world; indeed, our thankfulness was lost in the glorification of the gift. We were like the people of whom the Prophet Habakkuk spoke, who had caught much fish in their nets and gathered them in their drags, "therefore they sacrifice unto their net, and burn incense unto their drag; because by them their portion is fat, and their meat plenteous." Of gratitude to a Giver, of thankful recognition of forces which we did not create, but without whose co-operation we should have been as nothing, there was less than ought to have been.

All this was due, of course, not so much to human ingratitude as to human thoughtlessness. To thank is to think. The farther back we think, the farther back we thank. If our thought ceases with our own contribution to our welfare, our thanks cease with ourselves. If our appraisal stops with our material increase, our thanks become material and insensibly change into boasting. We sacrifice unto our great industries and burn incense unto our skill, and there our homage rests.

But in this Thanksgiving day we have such incentive to thought as the world has never seen before, and the blessings which challenge us are such as do not lend themselves to material appraisal. The chief blessings of the day are spiritual; their very names put them a world apart from the things which are quoted on the market or measured in the scales of physical worth. Justice, Righteousness and Peace, these are the exalted values in which we feel our true riches to be, and for these the entire race of men, whether they keep Thanksgiving today or not, are most devoutly thankful.—Exchange.

EXPOSITION TO BE IMPORTANT EVENT

21st Anniversary of Live Stock Show Will Be Event of Supreme Importance

TO EXCEED FORMER EFFORTS

Every Up-to-Date Farmer Should Attend Meeting at Stock Yards, Chicago, Nov. 27 to Dec. 4

In the travail of a great industry an event of supreme importance will develop at Chicago the first week of December. It is the twenty-first anniversary of the International Live Stock Exposition and will be staged this year on an unprecedented scale, both as concerns numbers and merit. North America at the conclusion of the European war was in possession of bovine and ovine seed stock of incalculable value and the upstartdom of this national possession will be displayed at Chicago this year. In view of impending meat scarcity, the problem of replenishing the national larder is of more importance than ever at this juncture.

Live stock in common with other industries has passed through a period of deflation and readjustment. The new basis of production cost interest is reviving and will accentuate as the fact becomes apparent that within the next five years there will not be enough beef, pork or mutton produced in the United States to maintain pre-war consumption.

Profit in live stock production hereafter will depend on quality. The function of the "International" is improvement of the herds and flocks of the country—a task to which the agrarian interest must now address itself vigorously. On this account the 1920 display possesses more than usual interest, concerning not only producers but consumers.

As a spectacle of animal life this year's "International" will exceed in scope and magnificence all former efforts in the show ring on this continent or Europe.

More closely associated than ever before are live stock and grain production problems; hence this year's corn show, made possible by a liberal donation from the Chicago Board of Trade will be staged on a more extensive scale than last year. Corn makes live stock raising possible; without live stock "King Corn" would be minus a stout prop.

Every up-to-date farmer should attend the 1920 International Live Stock Exposition at the Union Stock Yards, Chicago, November 27 to December 4.

DESCRIBE EVENTS NIGHT OF MURDER

Continued from Page One
hid himself behind a tree, and watched Dunn. The latter went upon the front porch of the house where his wife was living, and peeped under the blind, and then ran around the south side of the house.

Mr. Miller stated that he thought Dunn was attempting to overhear any remarks that might be made in the house about him, and was only "eavesdropping". Mr. Miller then started up the street and had proceeded only a few steps when he heard a shot.

Continuing his testimony, he said that he turned toward the house and after hearing three more shots, went inside, and was among the first to reach the scene of the tragedy. When he entered the house, he said Rucker was leaning over Dunn, and Mr. Reeves was attempting to hold Dunn's head up.

Mr. Miller as well as other witnesses examined before, told about the wounds on Dunn's body, but none of them saw anything of a knife, that was supposed to have been used by Dunn in an effort to take his own life. All witnesses testified to seeing the weapon, which Dunn had used to kill his wife and with which he shot Rucker and then turned on himself.

The early arrivals upon the scene testified that Mrs. Dunn was yet alive, and did not die until after being removed to a couch. The witnesses also testified that Dunn was not removed from the floor, nor given any medical aid, until brought to Rushville.

The witnesses further stated that Dunn did not talk, groan or utter any signs of pain, but on one occasion wiped the blood from his mouth. They also stated that his breathing was regular.

Nellie Lawrence, bookkeeper in the Arlington bank, testified that she had known Mrs. Dunn during her lifetime and that on the night of the fatal shooting, she heard the four shots, but did not enter the house.

Arlington, stated that on the afternoon preceding the shooting, Dunn came into his store and requested him to do him a favor. Dunn wanted him to see Mrs. Dunn, on his behalf and try and arrange satisfactory relationship between the two. Mr. Eaton, after arguing with Dunn consented, but was unable to persuade Mrs. Dunn to see her husband, or consent to any mutual agreement.

Dunn was forbidden to see his wife, on account of surety of peace proceedings which had been filed against him in Squire Stech's court in this city, only about a week before.

At that time, Mr. Eaton stated, Mrs. Dunn was working at the Eaton residence. Mr. Eaton said that Dunn told him he thought a great deal of his wife and was eager to provide her a home, and make her happy.

Dr. A. J. Shauck of Arlington was on the witness stand this morning before noon, and was the first to testify concerning the knife that Dunn used to cut his throat. He

said it was lying underneath Dunn's head. This probably accounted for the reason that other witnesses had not seen the knife. Sheriff Jones later testified also to finding the knife under Dunn's head.

SNOW BLASTS THE HOPES OF FARMERS

Continued from Page One

Colder weather is coming, however, Mr. Kirkwood predicts. Although twenty-three degrees above zero was the low mark for the night and the mercury rose to thirty degrees by ten o'clock this morning, according to the government thermometer at Mauzy, he believes that the temperature will drop considerably by Thursday night and that some very severe weather may be expected.

The snowfall was abated this morning, but the sky was overcast and heavy with clouds and indicated that there might still be more snow. The Indiana weather bureau at Indianapolis predicted fair weather and a period of high temperature would follow the snow storm, but

Mr. Kirkwood said that he expected even colder weather.

The heavy snow interfered with traffic on the Indianapolis & Cincinnati traction line. Cars were running irregularly this morning, with little prospect of the regular schedule being in effect before this afternoon.

Rural mail carriers reported considerable difficulty traveling over their routes this morning as the roads were very treacherous and the snow was drifted badly.

Society

Mrs. Ed Carter was hostess for the members of the Tuesday Evening Five Hundred club last evening at her home in West Fourth street. Following an evening of cards a delicious luncheon was served.

Mrs. J. T. Aikin delightfully entertained the members of the missionary society of the First United Presbyterian church yesterday afternoon at her home in West Seventh street. The regular program of the society was carried out and at the close of the meeting the hostess served light refreshments.

Mr. and Mrs. John Morris entertained with a prettily appointed dinner party last evening at their home in North Jackson street. The dinner was served in four courses at 6:30 and covers were laid for fifteen guests. The remainder of the evening was spent in playing cards.

The Ladies of the February division of the C. W. B. M. of the Main Street Christian church are invited to meet at the home of Mrs. Ed Chambers, 124 East Seventh street, Friday afternoon at 2:30 o'clock. The captain, Mrs. Fred Bell, urgently requests that every member be present for the meeting.

The members of the Shakespeare club discussed "Plot and Plot Development of the Short Story," at their regular meeting last evening when they were delightfully entertained at the home of Mrs. G. H. Thomas in North Morgan street. The club is taking up for their study this year, "The Short Story" and at the next meeting Prof. F. C. Tilden will give a lecture on "The Short Story and Life." The next meeting will be held on Tuesday evening, November 30.

Mr. and Mrs. Oliver Wagoner and family entertained with a pitch-in dinner Sunday at their home southwest of Rushville in honor of the birthday anniversary of their son, Roscoe Wagoner of Mays. The guests were Mrs. Mary H. Ward, Mr. and Mrs. Elmer Hungerford, Mr. and Mrs. Virgil Simpson, Miss Mary Ward and Ida Hungerford, and Ward Simpson, all of Orange town, ship, and Mr. and Mrs. Fred Maple and family of Spiceland.

Dr. and Mrs. J. E. Walther entertained fifty guests last evening at their home in Glenwood with a six o'clock dinner party, in celebrating their tenth wedding anniversary. The dining room was beautifully decorated with bouquets of Aaron Ward roses and the living room was adorned with French baskets of yellow chrysanthemums. The delicious dinner was served in three courses and was followed by an informal social party during which guessing contests furnished the chief amusement. The honored couple received many beautiful presents.

Mrs. Oscar Miller delightfully entertained the members of the Inter Nos club at her home near Homer last Friday afternoon. The hours were enjoyed with social conversation and Mrs. Albert Updike and Miss Ethel Posz rendered several beautiful piano selections and Mrs. Miller gave a reading. Late in the afternoon dainty refreshments were served to Mrs. Byron Gates, Mrs. Oscar Williams, Mrs. Marion Fletcher, Mrs. Albert Updike, Mrs. Conrad Posz, Mrs. Oliver Fletcher and the following guests, Mrs. Ernest Corris, Ethel Posz, Clara Johnson and Mrs. Mary Miller.

HONEY DISHES.

The substitution of honey for sugar is not to be recommended, as the physical properties of honey are quite different from sugar. The following are tried recipes:

Cream Cookies.

Take one cupful of extracted honey, one pint of sour cream, a tablespoonful of soda, flavoring to suit the taste, and flour to make a soft dough. Chill well before rolling.

Tennessee Cookies.

Melt together one cupful each of honey and lard or butter. When cool add one-third of a cupful of sugar, a pinch of salt, a tablespoonful of soda and an egg. Add flour to make a stiff dough, roll and cut as usual.

Doughnuts.

Take one egg, one cupful of sweet milk, one cupful of honey, two tablespoonfuls of shortening, two tablespoonfuls of cream of tartar and one-half teaspoonful of soda. Flour is added to roll and cut. Dust with salt and bake.

Raisin Cake.

Beat three eggs, add one cupful of honey, four tablespoonfuls of butter, one cupful of sweet milk, one and one-third cupfuls of raisins chopped, three cupfuls of flour, one-half teaspoonful of salt, the same of soda and two teaspoonfuls of baking powder, one teaspoonful of vanilla extract.

Honey Cereal Coffee.

Beat one egg, add one cupful of honey, preferably dark; two quarts of wheat bran. Mix and stir until well blended. Put into the oven and stir until a dark brown, being careful that the oven is not too hot. When preparing the coffee allow one heaping tablespoonful to a cupful of hot water, and boil at least ten minutes.

Plum Butter.

Take four quarts of plums after being rubbed through a colander. Let the mixture come to a boil, then add one quart of honey, one quart of sugar, or two quarts of sugar, and boil until it crusts over the top when cool, or about 15 minutes. Stir frequently to keep from burning.

Sandwiches.

Cut bread as fresh as possible and spread with fresh butter, creamed; then spread with honey, sprinkle with nuts and put together as sandwiches.

Pickled Grapes in Honey.

Take seven pounds of grapes on the stem and pack in a jar without bruising. Make a sirup of four pounds of honey, a pint of good vinegar, spices to suit the taste. Boil the sirup for 20 minutes, skimming it often. When boiling hot, pour over the grapes and seal at once. These will keep perfectly as the honey is a preservative.

SUITS WITH EMBROIDERY

Embroidery enriches many of the new suits, and it is used on all the different clothes effectively. But there are none of them that make a better background for it than velours or velvet or broadcloth. Any one of these will invite just such lavish decoration as appears on the formal suit pictured here. It has a double breast.

WIVES INVITED ALSO

Wives of all Modern Woodmen are invited to attend the supper tomorrow night, when the class adoption will be given to a large class. The work will begin at seven o'clock and the supper will be served following the work, which will be about nine o'clock. The Royal Neighbors will have charge of the supper, but the wives of the members are invited to attend and bring baskets of food.

MAUZY'S

THE SAD PRINCESS

ONCE upon a time there was a beautiful princess named Edna. At her christening party the king announced that he was determined she should never know pain or sorrow. And he told his wise men that he was determined to shield her from all unpleasant sights in order to secure her happiness.

"You are making a mistake, Your Majesty," sighed a wise old man, "and you will regret it. Let her live among her people and know life as it is."

But the king would not listen. He shut Edna up in a lovely palace of crystal. All around were rose gardens, parks and giant trees, lakes with fountains and swans. Only young,

handsome lads and maids waited on her—she never saw anything old, ugly or unhappy; only everything which was beautiful and gay.

But as she grew older she seemed to weary of this luxury. For hours she would sit alone watching the wild geese flying overhead or the twinkling lights in a far-off village. Her face grew sad and in vain her father tried to brighten her life.

One day she mounted her pony, and while her guards were lunching she rode rapidly through the gate and galloped alone outside of her grounds.

"I am tired of my home," she murmured, as strange sights came into view. "The palace, the gardens, the rich robes and constant gaiety have

grown wearisome. Maybe out here there is something different."

Then, for the first time in her life, she saw a tumbledown hut on the edge of a marsh. Coming down the road was an old man, hobbling with a crutch. At a turn in the way was a blind beggar asking alms. In the gutter ragged children played and bent mothers carried loads of wood upon their backs. For the first time she saw life with its work, its pains, its misfortunes, its poverty and—its lessons. She had never known that there was pain, sickness or sorrow in the world before. Struck with terror, she galloped home and wept; then, rising with a bright face dawning through tears, she called her maids.

"No more of this," she said. "I am unhappy shut up from the world—I want to share its sorrows as well as its joys. And now that I see there is so much to be done, so much to help, I know I will find my happiness in helping."

So the great estate was turned over to the villagers, for a park, the marsh was drained, the huts were replaced with comfortable cottages, the aged were given a home, the sick were sent to a hospital and schools were started.

And the princess was the happiest of all. No longer sad, she went about, busy from morn till night, a smile on her face, helping all who needed aid and seeing that every one in her land got justice, care and kindness.

The old king was surprised. His sad daughter was now a model of happiness and health and her domain a scene of busy comfort.

One evening the same wise old man who had been at the christening of the princess came upon the king as he sat alone.

"I see your young daughter, the princess, has found the right way, in spite of your mistaken efforts," smiled the old man. "You ought to be glad you have not ruined her life. She was a wise girl to take things in her own hands and find happiness as she did. Living for one's self in luxury only begets discontent. And only in doing for others in a busy life can happiness be found."

FOR SKIN TORTURES

Zemo, the Clean, Antiseptic Liquid, Just What You Need. Is Not Greasy.

Don't worry about eczema or other skin troubles. You can have a clear, healthy skin by using Zemo. Obtained at any drug store for 35c, or extra large bottle for \$1.00.

Zemo generally removes pimples, blackheads, blotches, eczema and ringworm and makes the skin clear and healthy. Zemo is a clean, penetrating, antiseptic liquid, neither sticky nor greasy and costs a mere trifle for each application. It is always dependable. The E. W. Rose Co., Cleveland, O.

Dainty Bonbon Boxes

There are many lovely bonbon boxes among gifts on display in the shops. Here are two of them—a round one covered with handsome cretonne which is glued to the foundation. The box is lined with a plain silk and the lid is edged with gold lace. It contains a small glass dish for holding the candies.

The square box is covered with silk and has a frill of finely plaited chiffon about it. Over this there is a tiny vine of very narrow ribbon formed into leaves with little roses set between them. Gold lace finishes the sides and top of this box and with the ribbon vine, makes an ornament for the center of the top.

A Notoriously Lovable Man.

Of a New York yeggman recently murdered a paper, naively says: "He had been only four months out of jail; he had served four terms for burglary and truck thievery; his father said his son never came home except to extort money from his family. All the witnesses insist that he had no enemies and none of them can think of any reason why anyone should have tried to kill him."

Back Hurt?

When the kidneys do not properly do their work or purify the blood stream, waste products and poisonous acids remain in the system and cause backache, rheumatic pains, lumbago, sore muscles, swollen joints, stiffness, lame back and similar symptoms.

Foley Kidney Pills

regulate and restore the healthy, normal action of kidneys and bladder, bringing clean blood and better health, with freedom from aches and pains.

J. George Hudgins, Bennington, Vt., writes: "Last fall I was attacked with lumbago and suffered untold agony. I had a severe pain across my back and at times could not dress or undress myself. I was advised to take Foley Kidney Pills for my trouble. After taking them for a few days the pain in my back left me and I have not had any lumbago since that time, although that was months ago. I recommend Foley Kidney Pills to all who have lumbago."

Dreams. To dream of a snake denotes treachery; a black snake signifies disease; a green snake is a good omen to farmers, but to others it foretells loss of money by unfortunate investments. A rattlesnake in a dream means that one who pretends to be a friend is secretly endeavoring to ruin your reputation. To fight snakes means you will outwit your enemies and succeed in what you have undertaken.

DON'T FUSS WITH MUSTARD PLASTERS!

Musterole Works Without the Blister—Easier, Quicker

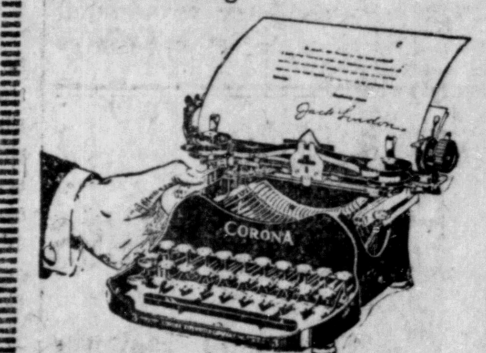

There's no sense in mixing a mess of mustard, flour and water when you can easily relieve pain, soreness or stiffness with a little clean, white Musterole.

Musterole is made of pure oil of mustard and other helpful ingredients, combined in the form of the present white ointment. It takes the place of mustard plasters, and will not blister.

Musterole usually gives prompt relief from sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds of the chest (it often prevents pneumonia).

Why Crime Increases

The reasons assigned for the continuing "crime waves", including police inefficiency and the demoralizing effects of war, all fail to get to the bottom of the matter. The long-standing and chief cause is to be found in the failure of the courts to convict and punish, a failure in part due to a system granting large rights of protection to the defendant than to endangered society, and in part to the lack of a sound attitude toward crime and criminals on the part of a vast proportion of the public. That there is such failure is evident from the following figures:

"In 1913 in the city of New York there were 323 homicides, 185 arrests, 80 convictions, and only 10 death sentences. In 1914 in New York City there were 292 homicides, 280 arrests, 66 convictions, and 6 death sentences. In 1917 in the same city there were 236 homicides, 280 arrests, 67 convictions, and only 9 death sentences. In 1918 New York City there were 221 homicides, 256 arrests, 77 convictions, and only 6 death sentences." More or less of a parallel for these figures can no doubt be found in the criminal record of every American city and State. As long as there is a hope that even change of escape from conviction, as long as the chances of the death penalty are as 1 to 70, just so long will there be an approximation of a carnival of crime, with the tendency toward increase rather than decrease.

Kids With the Kids

The children in a certain home we might mention seldom get lonesome. They have little desire for the abandon of the street, which is so dear to most children of their age. But there is a reason. In their hours of relaxation the parents forget the years that have worn and call up the days of their childhood. They enter into sports with their children, and take an interest in those things which please the little ones most. They are comrades as well as parents, and because they are such a child does not find it necessary

REAKS A COLD
IN A FEW HOURS

Pape's Cold Compound" instantly
relieves stuffiness and
distress

Don't stay stuffed up! Quit blowing and snuffling! A dose of "Pape's Cold Compound" taken every two hours until free doses are taken usually breaks up a cold and ends all gripe misery. The very first dose opens your clogged nostrils and the air passages of the head; stops nose running; relieves the headache, dullness, feverishness, sneezing, soreness and stiffness. "Pape's Cold Compound" is the quickest, surest relief known and costs only a few cents at drug stores. It acts without assistance, tastes nice, contains no opium—insist upon Pape's!

to drift away from home in search of enjoyment.

This training policy of the parents has its beneficial results in two ways.

Through constant intimate contact their own superior knowledge is gradually imparted to the children each day in a manner a child can readily understand.

And it keeps the freshness of youth in their own mature hearts.

For, after all, people are only as old as they feel.

It is surprising to hear that "the lady from Oklahoma", the only woman elected to the new Congress, was originally an opponent for the suffrage amendment and that even while soliciting support for her candidacy from the patrons of her restaurant in Muskogee she complained that the ballot had been thrust upon her. She seems to have concluded that voting and office seeking are twins that must go hand in hand.

The Socialists claim two million votes for their party as compared with less than a million in 1912. Even if the claim be confirmed, it will have less significance than they suppose because the voting in general was enormously increased by the participation of women.

The London Times assures the Prince of Wales that the consort of the next King of England need not be of royal blood. Whether the Prince is of the same opinion will be more certainly known after he does his courting and makes announcement.

Knut Hamun, a Norwegian poet who once was a horse-car conductor in Chicago, has won the Nobel prize in literature for 1920, but the Swedish committee never fails to keep the award money in Scandinavia whenever there is the ghost of a shadow of an excuse.

Chain Screen Doors for Furnaces.

Chain screen doors have been found satisfactory as a protection for furnaces against the intense heat of metal, glass and chemical furnaces. The curtain of chain shuts in heat, gases and sparks, and shuts out cold air, permits an unhampered view of the interior of the furnace, and allows tools or other objects to be very easily projected into it.

CHINESE HAVE
DAY OF THANKS

The moon feast is one of the most popular and widely spread of all the Chinese pagan festivals. It has many of the characteristics of the ancient moon-worship ceremonies of Syria and Phoenicia, and it comes as near to being a thanksgiving festival as any heathen feast could ever expect to be, celebrating the ingathering of the harvest. To the masses of the Chinese, however, there appears to be but a faint idea of genuine thanksgiving connected with this moon feast. It is simply the remnant of an ancient institution, coming down from the remotest antiquity as a meaningless act of nature worship. It is possible that in the beginning, among the early Chinese people, the moon festival may have been less pagan and more characterized by feelings of thankful rejoicing than it is at present. However that may be, no wiser choice could have been made by the missionaries in China toward establishing a genuine national Thanksgiving feast than the selection of the day of the popular moon feast.

The moon feast was first proclaimed a thanksgiving festival in 1906 at Wuchang, where the large church was filled with a well-ordered crowd of Chinese, celebrating for the first time the newly appointed thanksgiving day. The sacred building was beautifully adorned with offerings of staple articles of Chinese diet, like beans, rice, millet and other grains, not to speak of pomegranates, pears, apples, wine, salt and flour.

Wuchang is a great city of nearly a million inhabitants, situated far up the Yang-tse-Kiang, in the heart of China. Its central position, among the teeming myriads of heathen Chinese, renders it a good point for the spread of helpful and uplifting ideas, and truths, and in view of the readiness of the Chinese at home to adopt the best things presented to them for their own good, it is expected that the old moon feast will be gradually adopted, in its newly baptized form, as the national thanksgiving day among the votaries of Buddhism, Confucianism, and Taoism, in the course of their emancipation from the grosser features of these time-honored religions.

CHURCH MAKES NEW RECORD

Methodists Send Largest Number of
Missionaries Ever Sent

New York, Nov. 17.—The largest number of new missionaries ever sent to foreign fields in any one year in the history of the Methodist Episcopal Church were sent during the fiscal year ending November 1st, 1920, according to announcement today by the Board of Foreign Missions of the Methodist Episcopal Church here. The largest previous year was 1917, when 96 recruits were appointed and sent out by the Methodists. During the fiscal year just concluded, 275 new missionaries were appointed, of which 89 were assigned to South America, 60 to China, 50 to India and Burma, 30 to Malaysia, 6 to Mexico, 5 to Japan, 2 to Korea and 2 to Europe. The list does not include relief workers in European war areas.

THE DAY OF THANKS

LOADED with all the goods the living cost allows, the home boards of the day of thanks will give full witness to the fact that the passing years do not permit to grow flaccid the long-established custom of the land. Thanksgiving Day has yet full flavor of the day when first observed upon the bleak coast where the Pilgrim fathers closed their voyage adventurous. The turkey and the pumpkin pie, cranberries and accessories will all feature as in the days gone by. And amid the fumes so resilient of cheer and peace and the sweet concord of home, will seem to fashion forth the features dear of the ones who at that hour in other years were grouped. Memory that never lays aside attachments of the past will vivify the recollections of the ones whose passing means: contraction of the group, but cheer will be no less sincere because the paths are strewn with tokens of mortality that time insures. From coast to coast, amid the mountains of the nearby range, amid the Rockies lifting high their peaks, where placid lie the meadows by the brook, and in the tropic Southlands and the coast that borders the Pacific, will be found the units of the nation's strength and grace, the circles of the home with sweet content as savor for the simple heartiest feasts. In many places strange and mid the scenes of desolation and of solitude the day and dinner will be given thought.

HEALTH OFFICERS ARE TURKEYS TO BE HIGH

Ten Day Institute to be Followed by
a Six Day Session of Great
All-American Conference

VENEREAL DISEASES TOPIC

Washington, Nov. 16.—The recent announcement by the U. S. Public Health Service of its intention to hold an institute, at which health officers and physicians will receive ten-day intensive courses in the latest and best methods of dealing with venereal diseases is meeting with enthusiastic responses from State Boards of Health and other organizations and persons. A recent letter from the Indiana State Board says that Indiana cannot afford to miss the Institute and will send several official representatives, supplemented by many unofficial ones.

The Institute will open on November 22 for 10 days and will be immediately followed on Dec. 6 by a six-day session of the great All-American Conference, at which the most eminent physicians, administrators, and other experts of the western hemisphere will discuss the best ways of fighting the twin diseases.

Good Art.

Good art always consists of two things: First, the observation of fact; secondly, the manifesting of human design and authority in the way that fact is told. Great and good art must unite the two; it cannot exist for a moment but in their unity; it consists of the two as essentially as water consists of oxygen and hydrogen, or marble of lime and carbonic acid.—Ruskin.

Fair Price Commissioner Stanley
Wyckoff Says Price May be
Around 50 Cents a Pound

PLENTY IN THE SOUTHWEST

Indianapolis, Ind., Nov. 17.—Thanksgiving day turkeys will cost about 50 cents a pound, according to Stanley Wyckoff, president of the Indianapolis poultry company and fair price commissioner for Indiana. There is no basis for predicting this as the exact price, he said, owing to the uncertain industrial conditions.

Industrial concerns which bought turkeys for their employees for Thanksgiving day last year are not placing orders this year, he said. There are more turkeys in Texas and the southwest this year he said, but there will be a shortage in the north.

Three weeks ago, commission men were of the opinion that Thanksgiving turkey would cost the consumer around 57 cents a pound but the depreciation in buying power has been a cause for lowering of prices.

Wyckoff said that live turkeys cost around 35 cents a pound at stations through the country and that they would be transported and delivered to the consumer on a 15 cents a pound basis and still give a profit to the retailer.

DISCUSSES OIL PROBLEM

American Petroleum Institute Holds
Three Day Conference

Washington, Nov. 17.—"The World's Petroleum Problem" will be discussed at an international conference here today. The meeting was called by the American Petroleum Institute and will last three days.

Representatives of 21 foreign governments have been invited to attend, including England and Mexico.

In calling the conference, Secretary R. L. Welch of the Institute said:

"Petroleum production in relation to the steadily increasing consumption in all parts of the world has caused grave concern to producers, consumers and government geologists."

The Woods

LEISURE.

I thank the Lord that I have time
For things that pay no dividends,
For song and book and sunset gleam
And sweet companionship of friends,
The song may be some simple theme,
The book some poet's dreamy rhyme
For those who dare to pause and dream—

I thank the Lord that I have time.

I thank the Lord that I have time
To stop a moment by the way
To kiss the scented lips of flowers
And hear the voice of song birds gay.

The lark announces morning hours,
Around my door the roses climb,
And Nature lures me to her bowers—
I thank the Lord that I have time.

I thank the Lord that I have time
To pause beside some other soul
Who falters by my poor abode
Upon the path to greater goal.
If I can help him on his road,
Can aid his weary feet to climb,
If I can ease him of his load,
I thank the Lord that I have time.

I thank the Lord that I have time
For humbler joys and humbler things.

I thank the Lord for lips that smile,
I thank the Lord for heart that sings.

If I in life's uncertain while
With word or song or cheery rhyme
Can light some pilgrim's dreary mile,
I thank the Lord that I have time.

TERRE HAUTE MAN
GETS SURPRISE

Thought he Would Never Recover,
From After Effects of 'Flu'—
Now Praises Tanlac

"Before I got Tanlac I just did not know which way to turn for relief", said Asa A. Jones, of 308 South 13th street, Terre Haute, Ind.

"I was taken down with influenza about a year and a half ago which left me in such a run-down condition I had despaired of ever getting well. After every meal I felt like I had a weight of lead in the pit of my stomach and filled up with gas and simply felt miserable for hours. I had twisting pains in my back, and whenever I stooped over and straightened up it seemed like it would kill me. I was so nervous it was next to impossible for me to sleep. My feet and legs were badly affected with rheumatism, and my feet were so swollen it actually hurt me to lace up my shoes.

"I had tried so many different medicines in vain that I feared I would never find relief. But as soon as I started taking Tanlac I began to improve and pretty soon I realized that I was on the road to health. I have been taking this medicine now for just a few weeks and my stomach troubles seem to have disappeared entirely. I never have that cramping in my stomach or that gas any more, my kidneys have quit bothering me and my back doesn't hurt me any more. The rheumatic pains have left me entirely and I can be on my feet all day long without suffering, and in fact I haven't an ache or a pain anywhere. My nerves are steady and I sleep like a rock at night. I am gaining in weight constantly and feel as strong and full of energy as I ever felt in my life."

Tanlac is sold in Rushville by F. B. Johnson Co., in Milroy by Dallas Copper, in Manilla by Geo. J. Inlow, in Arlington by Mrs. L. T. Davis, in Carthage by Otto C. McGarty, and in New Salem by Mrs. Jos. Hankins, R. R. 2—Adv.

SALE! EXTRAORDINARY SALE!

Of the positiveness of this statement this sheet will assure you and a visit to our store will add to the first surprise. Our reputation for quality merchandise and ever at a reasonable price during our ten years of merchandising has produced for us the very desirable result of a call from the public for the goods from our racks and shelves each day as it arrives. The belated cold and the changing conditions of the day are wholly responsible for this, the first, regular Season Sale of our history. A word to the wise has ever been sufficient. We continue to be glad that our patronage represent that class in the superlative degree.

NOW—AS TO THAT WORD—COME — COME PREPARED TO DO BUSINESS AND GET BUSY

Leave it to us as to why we are operating at such an extravagant loss each day—this is more searchingly true because the best merchandise to be had must at all times demand the highest price in the market. Also—accept as authority—that these prices are lower than the wholesale market justifies at this time and that we have no assurance this will not be true at any time in the future when we must replace this stock. To a large circle of friends and regular customers—we state that our first desire is to keep the faith—no matter what the weather or other condition. Again we warn you—Get Ready—Come—Do not fail in the financial advantage which is yours for the operation—for this sale will prove no Hesitation Waltz—but as it deserves, the greatest sale affair we have ever staged.

WILL ATTEND A "FIRE COLLEGE"

Fire Chief Joe Williamson Expects to be One of Many Firemen at The State Convention

INCLUDES WEEK'S SCHOOLING

State Fire Headquarters Will Arrange Instruction and Demonstrations at Fair Grounds

Fire Chief Joe Williamson has received an invitation to attend the "Fire College" in Indianapolis beginning November 29 and lasting for a week. The matter was taken up at the last council meeting, and in all probability the city will pay the expenses of sending the chief to the state meeting, where a profitable experience will no doubt be gained by him.

H. H. Friedly, state fire marshal, has requested all cities to send their chiefs to the school, at which time expert fire men from various large cities in the United States will be present to give instructions to Indiana Firemen in latest methods of modern fire fighting, first aid and aid rescue work.

Every city and town having a fire department has been requested to send one or more representatives to this convention, and the attention of mayors, common councils and other city and village officials has been called to a provision made by the legislature of Indiana for the payment by the cities and towns of expenses of delegates to conventions.

The convention will be made a week's training of value to the firemen who are present. Many ideas in safeguarding property in its inspection and in the discovery of hidden dangers, the rescue of those endangered, and first aid to the injured,—all will be given a practical demonstration. The firemen will be taught the use of the Pompier ladder in scaling perpendicular walls. The smoke helmet and gas mask will be demonstrated. Proper caring for fire fighting equipment will be exemplified and practical firemen who are present will receive instructions that will result in an improvement in fire departments and then prove a benefit to their cities.

Mr. Friedly stated, "If firemen are to be efficient they must keep abreast of the times and in line with the same progress that is being made in fire fighting devices and fire prevention ideas that is evidenced in other affairs of life. The contemplated Fire College is along these lines, and the active participation of the fire fighters will certainly result in more efficiency at home and of direct benefit to each department".

MANY CANDIDATES FOR SPEAKERSHIP

Lively Contest Expected When The Next General Assembly Meets in January

FIVE MENTIONED SO FAR

Indianapolis, Ind. Nov. 17—Indications are that when the next session of the Indiana legislature convenes here on January 6 there will be a battle for the speakership in the house and for the office of president pro-tem of the senate.

Already five have notified members of the house they will be candidates for the speakership chair and that a fight will be put up is certain. The following candidates have been named as possibilities: Glen Harris, Gary; Otto Fiefield, Lake County; Jacob D. Miltinberger, Muncie, and Chester Davism Pennville. Other candidates also are expected to be announced.

Miltinberger is the most likely candidate according to those who have been close to the former speaker of the house, Jesse H. Eschbach who now is chairman of the State State Board of Accounts and of the Special Coal and Food commission.

Among those named for the office of president pro-tem of the senate are James Nejd, Gary; Oscar Ratsm, Paoli; and Don Strode, Kokomo; is the strongest of the candidates in the senate and it is admitted that Strode has a "fighting chance".

Rapidly Diminishing Supply of Petroleum in Indiana Causes Concern to Manufacturers

NEW PLAN IS FAVORABLE

Will Mean a Big Industry For the Southern Part of Indiana—State Department Helps

Indianapolis, Ind., Nov 17—Production of oil from Indiana shale is expected to soon become one of the leading industries of southern Indiana, in the opinion of officials of the state department of conservation.

Realizing the seriousness of the situation likely to be produced by the rapidly diminishing petroleum supplies of the country, one of the leading automobile manufacturing companies of the United States, with a large plant in Philadelphia, is turning its attention toward oil extraction from Hoosier shale. Following a visit to the laboratories of the division of geology of the department of conservation, the vice-president of this company purchased a large tract of land in the shale district near New Albany.

The site was selected by the company after consultation with Dr. W. N. Logan, State Geologist, and is near the border of Floyd and Clark counties. The company proposes to erect an experiment plant costing about \$200,000, and having

Three Chair Values You Must Not Miss

There is no more pleasant way of passing the time than lying back in a big comfortable chair like this, with a book in your hand and an open fire before you.

There will be many evenings in this coming season when you will not be able to go outside; fortify yourself by installing an overstuffed rocker in your home.

These chairs are the height of luxury. The framework is of hard wood constructed to endure the usage. The extra ample stuffing insures years of comfort. The upholstery is of genuine Mule Skin and may be had in Spanish brown. Just to look at these chairs is to want them. Let us show them to you. Choice **\$35.00**

A CLEAR SKIN

Women do not have to patronize the beauty parlor—for if their skin is disfigured with pimples and blotches, and their blood is in disorder they should obtain at the drug store that wonderful blood tonic and alterative of Dr. Pierce's which he placed before the public over 50 years ago. Since that time many thousands of men and women have testified to its wonderful blood cleansing effect. This is what one woman says:

ELKHART, IND.—"When I was a girl I suffered greatly. I became weak and nervous, in fact, all run-down in health. I also had a breaking-out all over my body. I could not get me any good until mother began giving me Doctor Pierce's Golden Medical Discovery and Favorite Prescription. They proved to be just what I needed as I have never had any more womanly trouble, and was also cured of the breaking-out on my body."

an hourly capacity of several tons of shale at once.

Shale districts in Indiana cover approximately 300 square miles of territory in Clark, Floyd, Jennings, Scott and Jackson counties. In some sections the formation is about 125 feet thick and is one of the largest in the United States. Tests of the shale have shown that it will produce from thirty to fifty-five gallons of oil a ton.

Dr. Logan is of the opinion that the by-products of the extraction of oil from shale can be made a paying proposition.

"The indications are," said Dr. Logan, "that the by-products of the process will pay for the expenses of distilling oil."

Sufficient carbon can be obtained from the shale, he says, to provide the fuel for distilling the oil. Other economies in the production of oil from this source will probably be developed in case the new industry is undertaken on an extensive scale in this state.

The experiments of the eastern automobile company will be watched with interest by other companies which are contemplating establishing extraction factories in Indiana. The size of the Hoosier shale fields make it likely that the industry will assume vast proportions, in the opinion of Dr. Logan.

Skin Sufferers Do Not Want Mere Temporary Relief

Of course, if you are content to have only temporary relief from the terrifying itching and burning of fiery, flaming skin diseases, then you are satisfied to remain a slave to ointments, lotions and other local remedies applied to the surface of the skin.

Real genuine relief from eczema, tetter, scaly eruptions or any other form of skin irritations cannot be expected until you free your blood of the germs which cause these disorders. And for this purpose there is no remedy that gives more satisfactory results than S.S.S., the fine old blood remedy that goes down to the source of every blood disorder and routs out the germs which cause the trouble.

S.S.S. is sold by all druggists. Begin taking it today, and if you will write a complete history of your case, our medical director will give you expert advice without charge. Address Chief Medical Adviser, 155 Swift Laboratory, Atlanta, Ga.

"Aphrodite" To Be Thanksgiving Attraction at The Shubert Murat

A sumptuous orgy of color and beauty which fairly makes the spectator gasp and thrill under the spell of its bewildering splendor is "Aphrodite" the mammoth spectacle which F. Ray Comstock and Morris Gest will present at the Shubert-Murat theatre, Indianapolis for one week beginning Monday night November 22, with matinees Wednesday, Thursday (Thanksgiving Day) and Saturday. Never in the history of the modern stage has any dramatic offering scored the sensational triumph that was registered by this gorgeous spectacle at the Century Theatre, New York last winter, and this season at the Auditorium, Chicago. In the latter City recently, "Aphrodite" played to the biggest receipts ever known in the history of the Auditorium.

"Aphrodite" is a staging on a colossal scale of the glories of ancient Egypt, employing 300 people in its presentation and a scenic equipment which required a special train of 11 baggage cars for its transportation. The list of names associated with its authorship and preparation reads like a hall of theatrical fame. Percy Anderson of London, the famous artist, who is now seventy-two years of age, and who suffered from shell shock while sketching battle scenes at the front during the war, designed all of the eight hundred costumes used in this play. His original sketches have been faithfully copied in America by Carl Link, the artist whose similar sketches for "Chu Chin Chow" have been widely published in America. Perhaps the most effective of the Percy Anderson designs are those of the Bacchanalian procession which show the various characters on their way to a feast in ancient Alexandria. The ballet staged by Michael Fokine, the famous Russian master of the dance and creator of the Russian ballet is probably the most gorgeous picture of stage coloring ever seen in this country.

SALVATION ARMY TO AID XMAS SEAL SALE

Following Conference With Officials
Commander Booth Issues Instructions to Her Officers

TO DEVOTE DEC. 8 TO SALE

(By United Press)

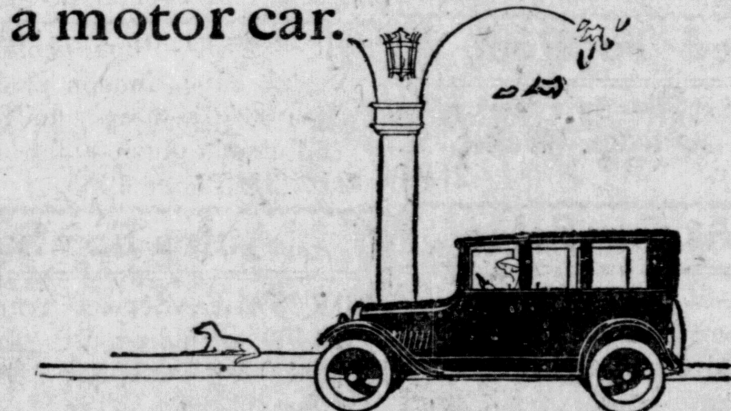

New York, Nov. 17.—Plans for the active participation of the entire Salvation Army in the nationwide Christmas Seal sale set for December 1 to 11 have just been perfected, according to an announcement made public today by the National Tuberculosis Association here. The annual sale of Christmas Seals, which is held simultaneously by the 1,200 local constituents of the national association, provided the funds for the year-round fight against the Great White Plague which is waged in every state.

Following conferences with the tuberculosis officials, Commander Evangeline Booth, head of the Salvation Army, has just issued instructions covering the part her organization is to play in the undertaking, and with the co-operation of Commissioners Thomas Estill, William Pearl and Adam Gifford, New York, Chicago and San Francisco territorial commanders, respectively, between 30,000 and 40,000 Salvationists will devote the evening of Wednesday, December 8, and all of the following day to the sale of the little stamps. Command-

er Booth herself plans to man one of the selling stations to be opened here.

"Of the 1,300,000 active and suspected cases of tuberculosis in this country," said Miss Booth, "by far the larger number are among the poor—the very classes to which the Salvation Army has been ministering for 40 years."

SWUNG over a longer wheelbase—powered with a 44-horsepower six cylinder engine—fortified with a six and one-half inch deep frame—cradled on long semi-elliptic springs—pleasantly sheltered and advantageously equipped—the Oakland Sensible Six Sedan is thoroughly fitted for all the uses to which you put a motor car.

Amusements

"Food For Scandal," Princess

Wanda Hawley and Harrison Ford are at the Princess today in "Food For Scandal," and in addition a news reel and the Paramount magazine will be shown.

Thomas Meighan's first Paramount starring vehicle, "Civilian Clothes," which will be at the Princess Thursday and Friday, was produced by Hugh Ford from Thompson Buchanan's popular play of the same name.

The story concerns an overseas captain who marries a pretty American society girl in France. She is attracted to him chiefly because he is so handsome in his uniform. Later, after she returns to America, comes news of his death. She has renewed her acquaintance with another admirer when her husband, very much alive, comes to her home. Disappointed at his unromantic appearance in civilian clothes, which show atrocious taste in their cut and color, she snubs him. The gallant ex-captain thereupon secures a job as butler in his wife's household with the avowed purpose of teaching her a lesson in democracy. The results are amusing in the ex-

treme, and, of course, the story ends happily.

Mr. Meighan's supporting company includes Martha Mansfield, the beautiful heroine of "Dr. Jekyll and Mr. Hyde," and other screen notables.

Tyroe Power at Mystic

When a complete history of the stage is written among the golden pages devoted to the great achievements of actors a conspicuous one will be found devoted to extolling the masterly performance of Tyroe Power, star of "The Great Shadow," which will be shown at the Mystic theatre today.

The spoken drama, both here and in England during the past decade, owes much to the genius of Mr. Power. He began with Madame Janushek and his work with this eminent artist resulted in his obtaining an engagement from Augustin Daly to support the late Ada Rehan in a series of Shakesperian roles. With Julia Marlowe he was seen in the original production of "When Knighthood Was in Flower." With Mrs. Fiske he played the Marquis of Steyne in "Becky Sharpe." With Beerbohm Tree and Sir Henry Irving he was conspicuously featured. With Henrietta Crosman he appeared in "The Christian Pilgrim," and so on down the line he scored in one success after another. His greatest claim on the hearts of the American playgoing public was his performance in "The Servant in the House."

The motion picture stage then claimed him, and of the many successes in which he has scored there is none in which he gives a more impressive performance than in "The Great Shadow."

TO TAKE CENSUS OF ALL WORLD WAR VETERANS

First Step of The Legion in a Campaign to Make Life Worth Living For Sick and Disabled

CARDS TO BE DISTRIBUTED

New York, Nov. 16.—Work was started today by the 9700 posts of the American Legion in this country on a census of all veterans of the World War who are still inmates of government and private hospitals. The census is the first step of the Legion in a campaign to make life more worth living for the sick and disabled.

A card will be made out for every man in hospital, giving information on his name, home address and organization with which he served. The data will be obtained by committees from all Legion posts and the cards filed at national headquarters in Indianapolis. The index will be accessible to anyone wishing to locate a sick or wounded man.

Under the Legion plan, every man in hospital will be visited at least once a week. Outings and entertainments will be organized, delicacies and reading matter will be supplied and every man will be made to feel that a personal interest is being taken in his case. The spirit of the plan is to humanize hospitalization work. Every one in the community will be asked to help but the Legion will lead the way.

There are still more than 20,000 disabled and sick veterans confined in about 1200 government and private hospitals.

The Indiana department of the Legion last week announced plans for visiting ex-service men in hospitals in the state. It is the first department of the Legion to take this step.

WHITE PLAGUE EMBLEM HAS BEEN COPYRIGHTED

Double Barred Cross Has Been Protected Against Its Use by Some Questionable Agencies.

ADOPTED IN PARIS IN 1902

Indianapolis, Ind., Nov. 16—Murray A. Auerbach, executive secretary of the State Tuberculosis Association, today announced that the official emblem of the world's fight against the "white plague"—the double cross—has been copyrighted as a protection against its use by some questionable agencies and concerns in some parts of the country.

Dr. Charles J. Hatfield, managing director of the National Tuberculosis Association, has just notified Mr. Auerbach that the emblem of the tuberculosis fight has been thus protected "for the benefit of our own organization and the eleven hundred affiliate state and local associations."

The double-barred cross first was adopted as the international emblem of the fight against tuberculosis at a conference in Paris in 1902. It was suggested by Dr. G. Sersiron and is adapted from the Croix de Lorraine, which in turn dates back to the original Creek two-arm cross. In 1906 the cross was adopted by the National Tuberculosis Association as its official emblem. Later it was standardized as to proportions.

It has been used by all of the anti-tuberculosis agencies throughout Indiana as their official trademark for many years. Hereafter it will be kept inviolate for the use of the anti-tuberculosis work, according to Mr. Auerbach's announcement today.

Another Royal Suggestion 3-Egg Angel Cake and Mocha Layer From the NEW ROYAL COOK BOOK

AN Angel cake so good that it fairly melts in your mouth. Instead of eight eggs, it can be made with three and the yolks of the eggs can be used for a Royal Sunshine cake.

Here, too, is a Mocha Layer cake which you will want to try, and clip for future use.

Angel Cake

1 cup sugar
1 1/2 cups flour
1/2 teaspoon cream of tartar
3 teaspoons Royal Baking Powder
1/2 teaspoon salt
2/3 cup scalded milk
1 teaspoon almond or vanilla extract
whites of 3 eggs

Mix and sift first five ingredients four times. Add milk very slowly, while still hot, beating continually; add vanilla; mix well and fold in whites of eggs beaten until light. Turn into ungreased angel cake tin and bake in very slow oven about 45 minutes. Remove from oven; invert pan and allow to stand until cold. Cover top and sides with either white or chocolate icing.

Mocha Layer Cake

1/2 cup shortening
1 cup sugar
2 eggs

1/2 cup strong coffee
2 cups flour
3 teaspoons Royal Baking Powder
1/2 teaspoon salt
2 teaspoons mixed spices

Cream shortening and sugar until light; add well beaten yolks of eggs; add coffee slowly; add half of flour sifted with baking powder, salt and spices; mix and add well beaten whites of eggs; add remainder of flour and mix lightly. Pour into two greased layer cake tins and bake in moderate oven. Spread sweetened whipped cream between layers and cover top with —

Mocha Icing

1 tablespoon butter
1 cup confectioner's sugar
1 tablespoon cocoa
2 tablespoons strong coffee
1/4 teaspoon salt

Cream butter and sugar; add cocoa, coffee and salt and stir until smooth. If too dry, add coffee; if too moist, add sugar.

CHICAGO OPERA TO OPEN TENTH SEASON

"Jacquerie" Will Be First Number
and Prospect For Brilliant
Season is Seen

INCLUDES OTHER NUMBERS

Chicago, Nov. 17—The tenth annual season of the Chicago Opera association opens tonight with the American premier of "Jacquerie". Herbert Johnson, executive director of the association, declared that there is every prospect of this season will be the most brilliant in the history of the association.

Among the high spots which will contribute to the success of the season, Johnson believes, will be the return to Chicago after a long absence of Lucien Kuratore, world-famous tenor, the appearance of Mary Garden in Aphrodite on New Year's eve and the revival of the German opera to be sung in English.

Gine Mainuzzi, artistic manager of the organization and composer of "Jacquerie" will conduct the first presentation of the opera in America tonight. Three new operatic artists will make their debut while Edward Johnson, Yvonne Gall and other stars will sing the main roles.

Titta Ruffo will sing this season in "Edipo Re" when the opera will have its world premiers at the Auditorium. This opera the last work of Leoncavallo, was composed especially for Ruffo.

Amelita Galli Curci will again be heard in Italian operas during the season.

DESCRIBE EVENTS NIGHT OF MURDER

Witnesses Today Tell of Seeing Fred Dunn, the Accused, in Vicinity of Wife's Home

FIRST ONES PRESENT TESTIFY

Defense Attorneys, Who Have Pleaded Client is Insane, Will Not Place Defendant on Stand

The second day of the trial in which Fred Dunn is charged with first degree murder for slaying his wife, Cordelia Dunn, was in progress today in circuit court, and the defense will probably not begin their portion of the evidence until some time tomorrow.

All evidence introduced today by the state was not in a great measure contradicted by the defense. Witness after witness was introduced to reveal the happenings in Arlington on the night of September 18, when the shooting took place.

When the ill fated revolver was shown to the jury and identified by Sheriff Jones and others, Dunn did not bat an eye or show concern. The knife, with which his throat was cut, also was exhibited.

The case is not attracting the usual crowd that attends murder cases. Only a few of the seats in the court room are occupied, and most of these are witnesses and people from the Arlington vicinity.

The defense will attempt to prove by records and witnesses that Dunn is and for the past 15 years has been a person of unsound mind. Judge Sparks has rescinded his order granting the defense permission to call James Martin and Russell Shepperd, inmates of the state reformatory, to act as witnesses for the defense.

Attorneys for the defendant announced today that Dunn would not be placed on the witness stand to testify in his own defense.

Sheriff Jones in his testimony followed the details of the accident from the time that he arrived in Arlington, up until the present time. He did not testify that Dunn had ever suffered from an epileptic fit while in the jail, but stated that his eyes were often glassy and that he had peculiar moods.

Dr. F. H. Finlaw of Arlington testified that he was the first physician on the scene the night of the shooting. He stated that he examined Dunn, and found that his pulse was normal and his breathing regular, and as he did not show signs of breathing, he did not give him medical aid. He stated that his eyes jerked open several times, as if he was attempting to see what was going on in the room. He did not discover any knife.

Mrs. Lydia Finlaw, wife of the physician, testified that she arrived in Arlington on a car about 9:30 from Rushville, and when walking down the street, saw Dunn standing in the shadow of a tree near the Dunn residence.

Ed Sharp was a visitor at the Dunn residence on the evening of the shooting, and when leaving about ten o'clock with his wife in a buggy, noticed Dunn standing across the street from the house. Sharp said that he stopped in the pool room where Lee Rucker was working, and informed him that Dunn might do harm. Mrs. Sharp testified to almost the same thing as her husband had previously told.

The trial was resumed this morning at nine o'clock, following adjournment yesterday afternoon at four thirty. The first witness for the state this morning was Albert L. Miller, owner of a restaurant in Arlington.

He testified that his place of business is down the street a short distance from the house in which Mrs. Dunn lived. He stated that she and her small grandson were in his store about 8:30 on the night of the tragedy, and while in the store, Dunn passed.

Mr. Miller stated further than he closed up his store at ten o'clock that night and started up the street toward his own home, when he passed Dunn who was standing in the street. Mr. Miller said that he

(By United Press)
Enroute with President-elect's special to New Orleans, Nov. 17.—The Harding special, carrying the president-elect and his party left Brownsville at 10 o'clock this morning for New Orleans, where they will embark for the Panama Canal zone. The special traveled today over the plains of Texas. A few rear platform speeches will be made by the president-elect but he will hold to his relaxation as much as possible. The president-elect and his party will arrive in New Orleans tomorrow where the president-elect will go to the Chamber of Commerce for a speech. The party will embark for Panama about three o'clock in the afternoon.

ADVISES SELLING FLEET AT BIG LOSS

Former Assistant Chairman of The United States Shipping Board Testifies at Inquiry

DEPRECIATION TWO BILLION

New York, Nov. 17.—To get rid of the merchant fleet which is still operating at a loss, the government must do what it is asking the nation to do—reduce prices, the congressional committee investigating the United States shipping board was told today by Martin Gullien of Wisconsin, expert corporation reorganizer and former assistant chairman of the board.

He declared the market prices of tonnage had decreased to such an extent that a fleet of 1,300 vessels, which represents an original investment of \$3,400,000,000, already had depreciated in value to two billion dollars, at which price the government ordered them sold and which price they can not get.

The good ships now on hand cost the government on an average of \$220 a dead weight ton, he said. The government is now asking about \$150 per ton but the market price is only \$124.

WILSON REPLIES TO FELICITATION

Expresses Hope League Would be of Immense Value to the Whole Civilized World.

PRESIDENT'S WORK PRAISED

(By United Press)
Washington, Nov. 17.—President Wilson in a message to Paul Hyman, president of the league of nations assembly, today expressed hope that the league of nations assembly would be of immense value to the whole civilized world.

The president's message was in reply to the one received from Hyman praising Wilson's work toward the establishment of the league. The president's message follows:

"The greeting of graciousness sent me by the assembly through you, has gratified me very deeply. I am proud to be considered to have played any part in promoting a concord of nations with the establishment of such an instrument as the league of nations to whose increasing influence I look forward to with increasing confidence. Permit me to extend my personal greeting to the assembly with the expression of my hope and belief that their labor will be of immense value to the whole civilized world."

HAZING IS TABOO

Washington, Nov. 17.—Rear Admiral Scates, commandant of the United States Naval Academy, has taken up action against hazing by the upper classmen in the school. Secretary of Navy Daniels said today. The admiral is determined to prevent hazing at Annapolis, Daniels stated, adding that he is issuing orders at the school in order to break it up.

SNOW BLASTS THE HOPES OF FARMERS

Ambition to Have Corn Crop in Crib by Thanksgiving Will Not be Realized

TEMPERATURE MODERATES

County Weather Observer Expects Colder Weather by Thursday—Snowfall of Four Inches

(By United Press)
Washington, Nov. 17.—Snow, wind and rain storms are sweeping the United States, east of the Mississippi, on the wings of a storm centering over New York, E. Bowie, chief of the United States weather bureau, declared today.

Cold but fair weather will continue for several hours, the forecast said. Ship captains along the Atlantic coast have been warned to expect gales. The storm developed in the south and is moving northward over the coast states and Ohio valley, bringing snow in these sections.

Twelve inches of snow was reported in the coast states and snow was reported heavy throughout the Ohio valley, southeastern Michigan, western Pennsylvania and western New York.

The heavy snow last night, which was estimated by the county weather observer, Elwood Kirkwood, as being at least four inches deep, put an end to the hopes of most farmers who were expecting to have this year's corn crop in the crib by Thanksgiving day.

The majority of the farmers had to abandon their corn Tuesday when the snow continued unabated all afternoon. Although it was possible to work with the corn, farmers could not make much headway and husking corn in a blizzard was not regarded as any very pleasant pastime.

The wind rose last night and the snow developed into a first class blizzard. The snow drifted five and six feet deep along the country roads, it was reported this morning, and made travel in some places very difficult.

The temperature remained several degrees below freezing all day Tuesday, but moderated during the night and this morning the snow was melting and made the going rather difficult for pedestrians.

SHORTAGE OF RUBBER FOOTWEAR DEVELOPS

First Snow of Any Consequence This Winter Brings Big Demand For "Rubbers"

EXPLANATION OF SHORTAGE

The first snowfall of any consequence this winter developed a rubber footwear shortage in Rushville today. Some stores were unable to supply customers, but a few had a limited supply and were able to meet all demands.

The rush, particularly for overshoes, began early this morning because the slush and snow made some protection for the feet imperative. Rubber boots, articles and other heavy protectors of rubber and rubber composition were also sold in large quantities.

One dealer said that he had been unable to get scarcely any rubber footwear. His explanation of the shortage was the fact that production had decreased, due to the high cost of labor. He stated that labor in the rubber factories had demanded such high wages that the manufacturers could not produce rubber footwear at a price where dealers would buy it and had laid off many of their employees. This merchant stated that many of the rubber goods manufacturers in the last few years had built large storage houses all over the country to get out orders faster, but that all of them were empty.

SIX LOSE LIVES IN A MINE FIRE

Eleven More Miners Still in Shaft Are Being Rescued From Arnold Mine at Earlinton, Ky.

SEVENTEEN ARE TRAPPED

Remainder of 150 in Mine When Fire Broke Out Escape—Injured by Falling Slate

(By United Press)
Earlington, Ky., Nov. 17.—Six men are known definitely to have lost their lives in a fire which blocked them in the Arnold coal mine here. They were suffocated or succumbed to injuries received from falling slate.

Eleven more men being rescued are still in the air shaft, the doctors being afraid to move them further, fearing they will not live. These men were overcome by gas fumes and some were injured by the falling slate.

Three of the dead were white men and three were negroes, one of whom was still unidentified.

The bodies of the men still having a straw hold on life were brought through a tunnel which the rescuers dug around the fire. There were one hundred and fifty men in the mine when the fire started, but the seventeen men were trapped by the fire which blocked one entrance.

The fire started when a motor car ran over electric wires strung in the mine. One wire was broken. The roar of the flames could be heard on top of the mine and the smoke could be seen coming from the mine. Air was pumped back into the mine in an effort to put out the flames. The fire was finally brought under control today.

The bodies of the men were found in a single heap on the floor in a small chamber. W. Himes, a negro, who was also trapped, decided to take his chance with the flames. Wrapping his coat around him he ran the gauntlet of the blaze and came out with only a few burns.

ALLEGED PRACTICAL RESULTS ARE OBTAINED

Reports From Many Parts of State Indicate Experiment in Coal Control is Successful.

SITUATION BAD SOME PLACES

(By United Press)
Indianapolis, Ind., Nov. 17.—Practical results of the state experiment on coal control are being seen from surveys of Indiana cities today.

Reports from some parts of the state indicated, however, that the situation is acute with the first prints of real winter weather. In other places coal is being received and delivered and some relief is being obtained.

In some cities where the situation is serious, it is believed to have been caused by the refusal to cooperate with the demands of the state fuel and food commission's orders.

City governments in some instances are taking the matter into their own hands and are endeavoring to relieve suffering from coal shortage by the establishment of municipal coal yards.

RIOTING AFTER ELECTION

Many Reported Killed in Athens When Machine Guns Open Up

(By United Press)

Athens, Greece, Nov. 17.—Rioting broke out in front of the foreign office today as the result of the national election. Many persons, including a number of children, were reported killed when the space in front of the office was swept by machine gun fire.

Regent Conduiotis is said to have refused the resignation of Premier Venizelos until the vote from the army has been compiled.

BOND INTEREST BEING PAID

County Auditor is Busy Taking up Coupons Due Nov. 15

The county auditor is busy just now paying out interest on gravel road bond coupons, which fell due November 15. The coupons come due every six months, May 15 and November 15.

A total of \$45,833.71 in coupons has been taken up since Monday and there are still many more outstanding. Up to October 31, coupons amounting to \$81,486.61 had been collected, making the total to date \$127,320.22.

The disbursements from this fund it is estimated, will amount to about \$140,000.

HUTCHERSON CASE AGAIN BEING TRIED

Damage Suit Against City of Rushville, Comes to Trial in Greensburg Today.

JURY DISAGREED BEFORE

The city of Rushville was defendant today in a law suit in the Decatur circuit court at Greensburg, when the case of Grover Hutcherson against Rushville was being heard. The case is an old one, dating back for three years. Hutcherson ran into a traffic post at the corner of Second and Morgan streets, with his automobile, and after being tried in police court, he in turn brought suit against the city for obstructing the highway.

The case was tried in the circuit court here, and the jury disagreed. It was then stated that the jury voted 11 in favor of the city, and one for the defendant. The defendant filed a motion for a change of venue from the county and the case was sent to Greensburg about a year ago, just coming up for trial today.

The city was represented in Greensburg today by City Attorney George W. Young. The defendant was represented by C. W. Duncan of this city. Mayor A. B. Irvin and other city officials were in Greensburg as witnesses in the case. The case was heard before a jury.

TO START FUND FOR BAND INSTRUMENTS

High School Will Give Show Next Tuesday Night For Benefit of Boosters Club

TICKETS ARE NOW BEING SOLD

The Rushville high school will give a show at the Graham Annex auditorium Tuesday night, November 23, for the benefit of the High School Boosters club and the proceeds will be used to start a fund to buy band instruments.

It is regarded as certain that the show will be well supported because the undertaking is a laudable one. A band for the high school, it is argued, will be a wonderful stimulus for high school spirit, and it is believed that one can be readily organized, once the money to purchase instruments is raised.

The show will consist of two main scenes and a minstrel part. Paul Spivey, William Pugh, and Wallace Beer, who have a reputation for their work in previous home talent productions, will perform as black-face comedians and a number of other talented high school pupils will have a prominent part. There will be a number of vocal and instrumental numbers and selections by boys' quartets and girls' choruses.

Tickets are now selling at 25 cent each and may be reserved at Pitman and Wilson's drug store after 10 a. m. Saturday.

MOVE TO SHELBYVILLE

Mr. and Mrs. Perry Gosnell have moved from their country home in Orange township to their new home recently completed in Taylor street, Shelbyville, Ind.

WORK ON TRAFFIC POSTS IS STOPPED

Council Objects, Fearing They Will Look Like Monumental Shafts in Center of Streets

THE CONTRACT IS ILLUSIVE

Ordinance to Abolish C. I. & W. Flagmen at Sexton and Arthur Streets is Defeated

The city council held the regular session last night, and while the meeting was of short duration, the adjournment was held up on account of a couple of controversies.

One of the delays was caused by Will Dill, who appeared before the council protesting against the surcharge on electric motors. A. T. Mahan, superintendent of the water and light plant, attempted to show him the reasons why an extra amount is charged on the horsepower of each motor. The councilmen also explained to Mr. Dill that the ruling was made and authorized by the public service commission, and that the council was in no way responsible for the ruling.

Mr. Dill was protesting because he had a 30 horsepower and 10 horsepower motor, and although he claimed to use these only one or two hours daily, he is compelled to pay an extra surcharge on the 40 horsepower. All businesses using motors come under the same rate.

Then another matter came up regarding the new traffic posts which are being installed by some out-of-town concern. The contractor was ordered to stop his work, until the council and he can get together on the size and height of the base. The contract which the city councilmen signed with the concern is very illusive, and the base for one at the corner of Second and Morgan street has already been started.

The ordinance regarding the abolishing of crossing watchmen at Sexton and Arthur streets, came up for third reading and passage last night. When the vote was taken, the four councilmen present, voted it down. Two petitions had previously been presented protesting against the taking off of these watchmen.

A message from the C. I. & W. railroad stated that a representative from the railroad would take the matter of watchmen up with the councilmen at a future meeting. It was hinted that the railroad would continue their watchmen at these crossings on a reduced scale, as the petition filed by the citizens seemed to protest mostly on account of the switching and school children. It will probably mean that the railroad will ask the council permission to have watchmen on a five or six hour schedule daily.

HEALTH CONDITIONS ARE UNUSUALLY GOOD

Visiting Nurse Finds Work For This Season of The Year Lighter Than Expected

LITTLE SUFFERING IS FOUND

The unusually few cases of sickness in Rushville for this period of the year has been the cause for comment among physicians, health authorities and persons in touch with charity work.

The visiting nurse, Miss Fort, according to officers of the Woman's Council, has found her work lighter than she expected, as there have not been many calls for her services.

Charity workers today expressed the opinion, however, that conditions would not always remain so good because the kind of weather which has been experienced in Rushville in the last few days, is very likely to develop many cases of sickness. Suffering from the cold by a few families for the want of fuel has been reported, but this condition is not thought to be general.

School principals state that school attendance has been unusually good and that there have been very few children out of school on account of sickness.

Criticizes Preacher For Not Leaving The Ministry

Cleveland, Ohio, Nov. 17.—Refusing Benjamin A. Sherwin a divorce from his wife, Judge Phillip criticized the minister for not quitting the ministry for more luxuriant labor.

His wife filed a cross complaint alleging cruelty as he could not support a large family on \$93 a month. The family consists of five children.

"It is cruelty for you to remain in the ministry at \$93 a month. You can't support your family on it," the judge stated.

The state is divided into ten administrative districts, the even numbered districts electing new district directors, who are to serve on the board of directors for a term of two years. The odd numbered district directors carry over in office until next November. The election of district directors was as follows:

Second district—C. W. Anglin of Warsaw, succeeding R. L. Thompson of Topeka; Fourth district, W. H. Settle of Petroleum, succeeding H. T. Walker of Montpelier; Sixth district, Earl Crawford of Milton, re-elected; Eighth district, L. M. Vogler of Hope, re-elected; Tenth district, Charles S. Douglass of Rising Sun, succeeding John G. Klein of North Vernon.

Delegates elected to the national convention of the American Farm Bureau Federation to be held in Indianapolis, Dec. 6, 7, and 8, were: President John G. Brown, J. J. Brown of Rockport, John N. Dyer of Vincennes, B. F. Catherwood of Dayton and J. W. Mertz.

The Industrial club will hold a bazaar and exchange at Belle Co-sand's millinery store next Saturday.

CONSTANTINOPLE FULL OF REFUGEES

European Diplomats Concerned About Fate of Thousands of Civilians Made Homeless

FRENCH REPRISAL THREAT

Constantinople, Nov. 17.—The fate of thousands of civilians who left Sebastopol following the Bolshevik triumph, was worrying European diplomats today.

General Wrangle arrived last night with nearly 20,000 troops. He had no plans to announce.

The French representatives reported that they would threaten reprisals if harm came to the civilians left in Sebastopol. Thousands of civilians were left in Theodosia and other cities. Soup kitchens have been established here to provide soup. Military barracks were filled with homeless men and women. Refugees lolled about the narrow streets despairingly.

Many of them were left homeless, especially those who could not pay and thousands occupied the ships and vessels which brought them here.

BLESSINGS MORE THAN MATERIAL

In other times a Thanksgiving editorial was a motley of statistics and boastfulness. We had grown so many million bushels of grain; our cattle on the thousand hills had increased so many hundredfold; our clearing-house statistics had never been surpassed; our per capita wealth was the greatest in the world; indeed, our thankfulness was lost in the glorification of the gift. We were like the people of whom the Prophet Habakkuk spoke, who had caught much fish in their nets and gathered them in their drags, "therefore they sacrifice unto their net, and burn incense unto their drag; because by them their portion is fat, and their meat plentiful." Of gratitude to a Giver, of thankful recognition of forces which we did not create, but without whose co-operation we should have been as nothing, there was less than ought to have been.

All this was due, of course, not so much to human ingratitude as to human thoughtlessness. To think is to think. The farther back we think, the farther back we thank. If our thought ceases with our own contribution to our welfare, our thanks cease with ourselves. If our appraisal stops with our material increase, our thanks become material and insensitively change into boasting. We sacrifice unto our great industries and burn incense unto our skill, and there our homage rests.

But in this Thanksgiving day we have such incentive to thought as the world has never seen before, and the blessings which challenge us are such as do not lend themselves to material appraisal. The chief blessings of the day are spiritual; their very names put them a world apart from the things which are quoted on the market or measured in the scales of physical worth. Justice, Righteousness and Peace, these are the exalted virtues in which we feel our true riches to be, and for these the entire race of men, whether they keep Thanksgiving today or not, are most devoutly thankful.—Exchange.

EXPOSITION TO BE IMPORTANT EVENT

21st Anniversary of Live Stock Show Will Be Event of Supreme Importance TO EXCEED FORMER EFFORTS

Every Up-to-Date Farmer Should Attend Meeting at Stock Yards, Chicago, Nov. 27 to Dec. 4

In the travail of a great industry an event of supreme importance will develop at Chicago the first week of December. It is the twenty-first anniversary of the International Live Stock Exposition and will be staged this year on an unprecedented scale, both as concerns numbers and merit. North America at the conclusion of the European war was in possession of bovine and ovine seed stock of incalculable value and the upstartdom of this national possession will be displayed at Chicago this year. In view of impending meat scarcity, the problem of replenishing the national larder is of more importance than ever at this juncture.

Live stock in common with other industries has passed through a period of deflation and readjustment. The new basis of production cost interest is reviving and will accentuate as the fact becomes apparent that within the next five years there will not be enough beef, pork or mutton produced in the United States to maintain pre-war consumption.

Profit in live stock production hereafter will depend on quality. The function of the "International" is improvement of the herds and flocks of the country—a task to which the agrarian interest must now address itself vigorously. On this account the 1920 display possesses more than usual interest, concerning not only producers but consumers.

As a spectacle of animal life this year's "International" will exceed in scope and magnificence all former efforts in the show ring on this continent or Europe.

More closely associated than ever before are live stock and grain production problems; hence, this year's corn show, made possible by a liberal donation from the Chicago Board of Trade, will be staged on a more extensive scale than last year. Corn makes live stock raising possible; without live stock "King Corn" would be minus a stout prop.

Every up-to-date farmer should attend the 1920 International Live Stock Exposition at the Union Stock Yards, Chicago, November 27 to December 4.

DESCRIBE EVENTS NIGHT OF MURDER

Continued from Page One

hid himself behind a tree, and watched Dunn. The latter went upon the front porch of the house where his wife was living, and peeped under the blind, and then ran around the south side of the house.

Mr. Miller stated that he thought Dunn was attempting to overhear any remarks that might be made in the house about him, and was only "eavedropping". Mr. Miller then started up the street and had proceeded only a few steps when he heard a shot.

Continuing his testimony, he said that he turned toward the house and after hearing three more shots, went inside, and was among the first to reach the scene of the tragedy. When he entered the house, he said Rucker was leaning over Dunn, and Mr. Reeves was attempting to hold Dunn's head up.

Mr. Miller as well as other witnesses examined before, told about the wounds on Dunn's body, but none of them saw anything of a knife, that was supposed to have been used by Dunn in an effort to take his own life. All witnesses testified to seeing the weapon, which Dunn had used to kill his wife and with which he shot Rucker and then turned on himself.

The early arrivals upon the scene testified that Mrs. Dunn was yet alive, and did not die until after being removed to a couch. The witnesses also testified that Dunn was not removed from the floor, nor given any medical aid, until brought to Rushville.

The witnesses further stated that Dunn did not talk, groan or utter any signs of pain, but on one occasion wiped the blood from his mouth. They also stated that his breathing was regular.

Nellie Lawrence, bookkeeper in the Arlington bank, testified that she had known Mrs. Dunn during her lifetime and that on the night of the fatal shooting, she heard the four shots, but did not enter the house.

Arlington, stated that on the afternoon preceding the shooting, Dunn came into his store and requested him to do him a favor. Dunn wanted him to see Mrs. Dunn, on his behalf and try and arrange satisfactory relationship between the two. Mr. Eaton, after arguing with Dunn consented, but was unable to persuade Mrs. Dunn to see her husband, or consent to any mutual agreement.

Dunn was forbidden to see his wife, on account of surety of peace proceedings, which had been filed against him in Squire Steel's court in this city, only about a week before.

At that time, Mr. Eaton stated, Mrs. Dunn was working at the Eaton residence. Mr. Eaton said that Dunn told him he thought a great deal of his wife and was eager to provide her a home, and make her happy.

Dr. A. J. Shauck of Arlington was on the witness stand this morning before noon, and was the first to testify concerning the knife that Dunn used to cut his throat. He

said it was lying underneath Dunn's head. This probably accounted for the reason that other witnesses had not seen the knife. Sheriff Jones later testified also to finding the knife under Dunn's head.

SNOW BLASTS THE HOPES OF FARMERS

Continued from Page One

Colder weather is coming, however, Mr. Kirkwood predicts. Although twenty-three degrees above zero was the low mark for the night and the mercury rose to thirty degrees by ten o'clock this morning, according to the government thermometer at Mauzy, he believes that the temperature will drop considerably by Thursday night and that some very severe weather may be expected.

The snowfall was abated this morning, but the sky was overcast and heavy with clouds and indicated that there might still be more snow. The Indiana weather bureau at Indianapolis predicted fair weather and a period of high temperature would follow the snow storm, but

Mr. Kirkwood said that he expected even colder weather.

The heavy snow interfered with traffic on the Indianapolis & Cincinnati irregularly this morning, with little prospect of the regular schedule being in effect before this afternoon.

Rural mail carriers reported considerable difficulty traveling over their routes this morning as the roads were very treacherous and the snow was drifted badly.

Just Think of Buying an Overcoat Today for \$5.00

Jack Knecht, the present manager, will take over the entire interests of his brothers and continue in business at the old stand. They are demanding their invested capital and for this reason he is forced to raise a large sum of money to satisfy their holdings in this Firm, which has had 14 years of a successful mercantile career. Notwithstanding the fact that this is just the beginning of the Fall and Christmas Selling Season, extraordinary bargains will be placed before you in all departments.

Mrs. Ed Carter was hostess for the members of the Tuesday Evening Five Hundred club last evening at her home in West Fourth street. Following an evening of cards, a delicious luncheon was served.

Mrs. J. T. Aikin delightfully entertained the members of the missionary society of the First United Presbyterian church yesterday afternoon at her home in West Seventh street. The regular program of the society was carried out and at the close of the meeting the hostess served light refreshments.

Mr. and Mrs. John Morris entertained with a prettily appointed dinner party last evening at their home in North Jackson street. The dinner was served in four courses at 6:30 and covers were laid for fifteen guests. The remainder of the evening was spent in playing cards.

The Ladies of the February division of the C. W. B. M. of the Main Street Christian church are invited to meet at the home of Mrs. Ed Chambers, 124 East Seventh street, Friday afternoon at 2:30 o'clock. The captain, Mrs. Fred Bell, urgently requests that every member be present for the meeting.

The members of the Shakespeare club discussed "Plot and Plot Development of the Short Story," at their regular meeting last evening when they were delightfully entertained at the home of Mrs. G. H. Thomas in North Morgan street. The club is taking up for their study this year, "The Short Story" and at the next meeting Prof. F. C. Tilden will give a lecture on "The Short Story and Life." The next meeting will be held on Tuesday evening, November 30.

Mr. and Mrs. Oliver Waggoner and family entertained with a pitch-in dinner Sunday at their home south-west of Rushville in honor of the birthday anniversary of their son, Roscoe Waggoner, of Mays. The guests were Mrs. Mary H. Ward, Mr. and Mrs. Elmer Hungerford, Mr. and Mrs. Virgil Simpson, Miss Mary Ward and Idem Hungerford, and Ward Simpson, all of Orange town, ship, and Mr. and Mrs. Fred Maple and family of Spiceland.

Dr. and Mrs. J. E. Walther entertained fifty guests last evening at their home in Glenwood with a six o'clock dinner party, in celebrating their tenth wedding anniversary. The dining room was beautifully decorated with bouquets of Aaron Ward roses and the living room was adorned with French baskets of yellow chrysanthemums. The delicious dinner was served in three courses and was followed by an informal social party during which guessing contests furnished the chief amusement. The honored couple received many beautiful presents.

Mrs. Oscar Miller delightfully entertained the members of the Inter Nos club at her home near Homer last Friday afternoon. The hours were enjoyed with social conversation and Mrs. Albert Updike and Miss Ethel Posz rendered several beautiful piano selections and Mrs. Miller gave a reading. Late in the afternoon dainty refreshments were served to Mrs. Byron Gates, Mrs. Oscar Williams, Mrs. Marion Fletcher, Mrs. Albert Updike, Mrs. Conrad Posz, Mrs. Oliver Fletcher and the following guests, Mrs. Ernest Corris, Ethel Posz, Clara Johnson and Mrs. Mary Miller.

HONEY DISHES.
The substitution of honey for sugar is not to be recommended, as the physical properties of honey are quite different from sugar. The following are tried recipes:

Cream Cookies.
Take one cupful of extracted honey, one pint of sour cream, a tablespoonful of soda, flavoring to suit the taste, and flour to make a soft dough. Chill well before rolling.

Tennessee Cookies.
Melt together one cupful each of honey and lard or butter. When cool add one-third of a cupful of sugar, a pinch of salt, a tablespoonful of soda and an egg. Add flour to make a stiff dough, roll and cut as usual.

Doughnuts.
Take one egg, one cupful of sweet milk, one cupful of honey, two tablespoonfuls of shortening, two tablespoonfuls of cream of tartar and one-half teaspoonful of soda. Flour is added to roll and cut. Dust with salt and bake.

Raisin Cake.
Beat three eggs, add one cupful of honey, four tablespoonfuls of butter, one cupful of sweet milk, one and one-third cupfuls of raisins chopped, three cupfuls of flour, one-half teaspoonful of salt, the same of soda and two teaspoonfuls of baking powder, one teaspoonful of vanilla extract.

Honey Cereal Coffee.
Beat one egg, add one cupful of honey, preferably dark; two quarts of wheat bran. Mix and stir until well blended. Put into the oven and stir until a dark brown, being careful that the oven is not too hot. When preparing the coffee allow one heaping tablespoonful to a cupful of hot water, and boil at least ten minutes.

Plum Butter.
Take four quarts of plums after being rubbed through a colander. Let the mixture come to a boil, then add one quart of honey, one quart of sugar, or two quarts of sugar, and boil until it crusts over the top when cool, or about 15 minutes. Stir frequently to keep from burning.

Sandwiches.
Cut bread as fresh as possible and spread with fresh butter, creamed; then spread with honey, sprinkle with nuts and put together as sandwiches.

Pickled Grapes in Honey.
Take seven pounds of grapes on the stem and pack in a jar without bruising. Make a sirup of four pounds of honey, a pint of good vinegar, spices to suit the taste. Boil the sirup for 20 minutes, skimming it often. When boiling hot, pour over the grapes and seal at once. These will keep perfectly as the honey is a preservative.

SUITS WITH EMBROIDERY

Embroidery enriches many of the new suits, and it is used on all the different clothes effectively. But there are none of them that make a better background for it than velours or velvet or broadcloth. Any one of these will invite just such lavish decoration as appears on the formal suit pictured here. It has a double breast.

WIVES INVITED ALSO

Wives of all Modern Woodmen are invited to attend the supper tomorrow night, when the class adoption will be given to a large class. The work will begin at seven o'clock and the supper will be served following the work, which will be about nine o'clock. The Royal Neighbors will have charge of the supper, but the wives of the members are invited to attend and bring baskets of food.

The Sandman Story

THE SAD PRINCESS

ONCE upon a time there was a beautiful princess named Edna. At her christening party the king announced that he was determined she should never know pain or sorrow. And he told his wise men that he was determined to shield her from all unpleasant sights in order to secure her happiness.

"You are making a mistake, Your Majesty," sighed a wise old man, "and you will regret it. Let her live among her people and know life as it is."

But the king would not listen. He shut Edna up in a lovely palace of crystal. All around were rose gardens, parks and giant trees, lakes with fountains and swans. Only young,

handsome lads and maids waited on her—she never saw anything old, ugly or unhappy; only everything which was beautiful and gay.

But as she grew older she seemed to weary of this luxury. For hours she would sit alone watching the wild geese flying overhead or the twinkling lights in a far-off village. Her face grew sad and in vain her father tried to brighten her life.

One day she mounted her pony, and while her guards were lunching she rode rapidly through the gate and galloped alone outside of her grounds.

"I am tired of my home," she murmured, as strange sights came into view. "The palace, the gardens, the rich robes and constant gaiety have

Dainty Bonbon Boxes

There are many lovely bonbon boxes among gifts on display in the shops. Here are two of them—a round one covered with handsome cretonne which is glued to the foundation. The box is lined with a plain silk and the lid is edged with gold lace. It contains a small glass dish for holding the candies.

The square box is covered with silk and has a frill of finely plaited chiffon about it. Over this there is a tiny vine of very narrow ribbon formed into leaves with little roses set between them. Gold lace finishes the sides and top of this box and with the ribbon vine, makes an ornament for the center of the top.

A Notoriously Lovable Man.
Of a New York yeggman recently murdered a paper, naively says: "He had been only four months out of jail; he had served four terms for burglary and truck thievery; his father said his son never came home except to extort money from his family. All the witnesses insist that he had no enemies and none of them can think of any reason why anyone should have tried to kill him."

Back Hurt?

When the kidneys do not properly do their work or purify the blood stream, waste products and poisonous acids remain in the system and cause backache, rheumatic pains, lumbago, stiff muscles, swollen joints, stiffness, lame back, and similar symptoms.

Foley Kidney Pills

regulate and restore the healthy, normal action of kidneys and bladder, bringing clean blood and better health, with freedom from aches and pains.

J. George Hodgins, Bennington, Vt., writes: "Last fall I was attacked with lumbago and suffered untold agony. I had a severe pain across my back and at times could not dress or undress myself. I was advised to take Foley Kidney Pills for my trouble. After taking them for a few days the pain in my back left me and I have not had any lumbago since that time, although that was months ago. I recommend Foley Kidney Pills to all who have lumbago."

Dreams.
To dream of a snake denotes treachery; a black snake signifies disease; a green snake is a good omen to farmers, but to others it foretells loss of money by unfortunate investments. A rattlesnake in a dream means that one who pretends to be a friend is secretly endeavoring to ruin your reputation. To fight snakes means you will outwit your enemies and succeed in what you have undertaken.

DON'T FUSS WITH MUSTARD PLASTERS!

Musterole Works Without the Blister—Easier, Quicker

There's no sense in mixing a mess of mustard, flour and water when you can easily relieve pain, soreness or stiffness with a little clean, white Musterole. Musterole is made of pure oil of mustard and other helpful ingredients, combined in the form of the present white ointment. It takes the place of mustard plasters, and will not blister. Musterole usually gives prompt relief from sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds of the chest (it often prevents pneumonia).

SALE! EXTRAORDINARY SALE!

Of the positiveness of this statement this sheet will assure you and a visit to our store will add to the first surprise. Our reputation for quality merchandise and ever at a reasonable price during our ten years of merchandising has produced for us the very desirable result of a call from the public for the goods from our racks and shelves each day as it arrives. The belated cold and the changing conditions of the day are wholly responsible for this, the first, regular Season Sale of our history. A word to the wise has ever been sufficient. We continue to be glad that our patronage, represent that class in the superlative degree.

NOW—AS TO THAT WORD—COME—COME PREPARED TO DO BUSINESS AND GET BUSY

Leave it to us as to why we are operating at such an extravagant loss each day—this is more searchingly true because the best merchandise to be had must at all times demand the highest price in the market. Also—accept as authority—that these prices are lower than the wholesale market justifies at this time and that we have no assurance this will not be true at any time in the future when we must replace this stock. To a large circle of friends and regular customers—we state that our first desire is to keep the faith—no matter what the weather or other condition. Again we warn you—Get Ready—Come—Do not fail in the financial advantage which is yours for the operation—for this sale will prove no Hesitation Waltz—but as it deserves, the greatest sale affair we have ever staged.

State Fire Headquarters Will Arrange Instruction and Demonstrations at Fair Grounds

Fire Chief Joe Williamson has received an invitation to attend the "Fire College" in Indianapolis beginning November 29 and lasting for a week. The matter was taken up at the last council meeting, and in all probability the city will pay the expenses of sending the chief to the state meeting, where a profitable experience will no doubt be gained by him.

H. H. Friedly, state fire marshal, has requested all cities to send their chiefs to the school, at which time expert fire men from various large cities in the United States will be present to give instructions to Indiana Firemen in latest methods of modern fire fighting, first aid and aid rescue work.

Every city and town having a fire department has been requested to send one or more representatives to this convention, and the attention of mayors, common councils and other city and village officials has been called to a provision made by the legislature of Indiana for the payment by the cities and towns of expenses of delegates to conventions.

The convention will be made a week's training of value to the firemen who are present. Many ideas in safeguarding property in its inspection and in the discovery of hidden dangers, the rescue of those endangered, and first aid to the injured,—all will be given a practical demonstration. The firemen will be taught the use of the Pompiere ladder in scaling perpendicular walls. The smoke helmet and gas mask will be demonstrated. Proper caring for fire fighting equipment will be exemplified and practical firemen who are present will receive instructions that will result in an improvement in fire departments and then prove a benefit to their cities.

Mr. Friedly stated, "If firemen are to be efficient they must keep abreast of the times and in line with the same progress that is being made in fire fighting devices and fire prevention ideas that is evidenced in other affairs of life. The contemplated Fire College is along these lines, and the active participation of the fire fighters will certainly result in more efficiency at home and of direct benefit to each department."

MANY CANDIDATES
FOR SPEAKERSHIP

Lively Contest Expected When The Next General Assembly Meets in January

FIVE MENTIONED SO FAR

Indianapolis, Ind. Nov. 17.—Indications are that when the next session of the Indiana legislature convenes here on January 6 there will be a battle for the speakership in the house and for the office of president pro-tem of the senate.

Already five have notified members of the house they will be candidates for the speakers chair and that a fight will be put up is certain. The following candidates have been named as possibilities: Glen Harris, Gary; Otto Fiefield, Lake County; Jacob D. Miltinberger, Muncie, and Chester Davism Pennville. Other candidates also are expected to be announced.

Miltinberger is the most likely candidate according to those who have been close to the former speaker of the house. Jesse H. Eschbach who now is chairman of the State State Board of Accounts and of the Special Coal and Food commission.

Among those named for the office of president pro-tem of the senate are James Nejd, Gary; Oscar Ratzm, Paoli; and Don Strode, Kokomo; is the strongest of the candidates in the senate and it is admitted that Strode has a "fighting chance".

Rapidly Diminishing Supply of Petroleum in Indiana Causes Concern to Manufacturers

NEW PLAN IS FAVORABLE

Will Mean a Big Industry For the Southern Part of Indiana—State Department Helps

Indianapolis, Ind., Nov. 17—Production of oil from Indiana shale is expected to soon become one of the leading industries of southern Indiana, in the opinion of officials of the state department of conservation.

Realizing the seriousness of the situation likely to be produced by the rapidly diminishing petroleum supplies of the country, one of the leading automobile manufacturing companies of the United States, with a large plant in Philadelphia, is turning its attention toward oil extraction from Hoosier shale. Following a visit to the laboratories of the division of geology of the department of conservation, the vice-president of this company purchased a large tract of land in the shale district near New Albany.

The site was selected by the company after consultation with Dr. W. N. Logan, State Geologist, and is near the border of Floyd and Clark counties. The company proposes to erect an experiment plant costing about \$200,000, and having

A CLEAR SKIN

Women do not have to patronize the beauty parlor—for if their skin is disfigured with pimples and blotches, and their blood is in disorder they should obtain at the drug store that wonderful blood tonic and alterative of Dr. Pierce's which he placed before the

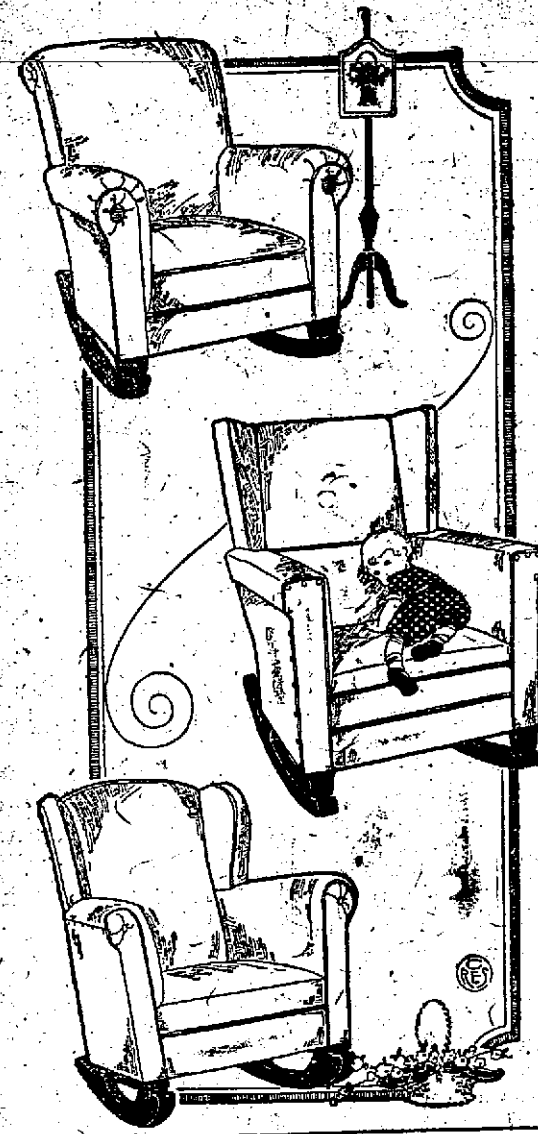

public over 50 years ago. Since that time many thousands of men and women have testified to its wonderful blood cleansing effect. This is what one woman says:

ELKHART, IND.—"When I was a girl I suffered greatly. I became weak and nervous, in fact, all run-down in health. I also had a breaking-out all over my body. I could not get anything to do me any good until mother began giving me Doctor Pierce's Golden Medical Discovery and Favorite Prescription. They proved to be just what I needed as I have never had any more womanly trouble, and was also cured of the breaking-out on my body."

For Over Seven Years

Back in the early part of 1913 this business was organized and started in a small frame building. Then came a move into larger quarters on account of increased patronage.

TODAY

We occupy our own plant. It is the third place we have occupied since our organization. Our patronage speaks for itself. Year after year we have expanded and added new equipment, which makes our plant today one of the finest in the state.

WE INVITE INSPECTION

Come, see for yourself, the different departments in operation. Work is taken care of in Rushville, and is not trusted to some cleaner in an out of town plant. Because of the trust people have placed in us, is only one reason why our plant has so successfully existed under the same management for over seven years.

This plant is the only plant in Rush County that is entitled to the name of "Master Cleaners."

an hourly capacity of several tons of shale at once.

Shale districts in Indiana cover approximately 300 square miles of territory in Clark, Floyd, Jennings, Scott and Jackson counties. In some sections the formation is about 125 feet thick and is one of the largest in the United States. Tests of the shale have shown that it will produce from thirty to fifty-five gallons of oil a ton.

Dr. Logan is of the opinion that the by-products of the extraction of oil from shale can be made a paying proposition.

"The indications are," said Dr. Logan, "that the by-products of the process will pay for the expenses of distilling oil."

Sufficient carbon can be obtained from the shale, he says, to provide the fuel for distilling the oil. Other economies in the production of oil from this source will probably be developed in case the new industry is undertaken on an extensive scale in this state.

The experiments of the eastern automobile company will be watched with interest by other companies which are contemplating establishing extraction factories in Indiana. The size of the Hoosier shale fields make it likely that the industry will assume vast proportions, in the opinion of Dr. Logan.

Skin Sufferers Do Not Want Mere Temporary Relief

Of course, if you are content to have only temporary relief from the terrifying itching and burning of fiery, flaming skin diseases, then you are satisfied to remain a slave to ointments, lotions and other local remedies applied to the surface of the skin.

Real genuine relief from eczema, tetter, scaly eruptions or any other form of skin irritations cannot be expected until you free your blood of the germs which cause these disorders. And for this purpose there is no remedy that gives more satisfactory results than S.S.S., the fine old blood remedy that goes down to the source of every blood disorder and routs out the germs which cause the trouble.

S.S.S. is sold by all druggists. Begin taking it today, and if you will write a complete history of your case, our medical director will give you expert advice without charge. Address Chief Medical Adviser, 155 Swift Laboratory, Atlanta, Ga.

"Aphrodite" To Be Thanksgiving Attraction at The Shubert Murat

A sumptuous orgy of color and beauty which fairly makes the spectator gasp and thrill under the spell of its bewildering splendor is "Aphrodite" the mammoth spectacle which F. Ray Comstock and Morris Gest will present at the Shubert-Murat theatre, Indianapolis for one week beginning Monday night November 22, with matinees Wednesday, Thursday (Thanksgiving Day) and Saturday. Never in the history of the modern stage has any dramatic offering scored the sensational triumph that was registered by this gorgeous spectacle at the Century Theatre, New York last winter, and this season at the Auditorium, Chicago. In the latter City recently, "Aphrodite" played to the biggest receipts ever known in the history of the Auditorium.

"Aphrodite" is a staging on a colossal scale of the glories of ancient Egypt, employing 300 people in its presentation and a scenic equipment which required a special

train of 11 baggage cars for its transportation. The list of names associated with its authorship and preparation reads like a hall of theatrical fame. Percy Anderson of London, the famous artist, who is now seventy-two years of age, and who suffered from shell shock while sketching battle scenes at the front during the war, designed all of the eight hundred costumes used in this play. His original sketches have been faithfully copied in America by Carl Link, the artist whose similar sketches for "Chu Chin Chow" have been widely published in America. Perhaps the most effective of the Percy Anderson designs are those of the Bacchanalian procession which show the various characters on their way to a feast in ancient Alexandria. The ballet staged by Michael Fokine, the famous Russian master of the dance and creator of the Russian ballet is probably the most gorgeous picture of stage coloring ever seen in this country.

SALVATION ARMY TO AID XMAS SEAL SALE

Following Conference With Officials
Commander Booth Issues In-
structions to Her Officers

TO DEVOTE DEC. 8 TO SALE

(By United Press)

New York, Nov. 17.—Plans for the active participation of the entire Salvation Army in the nationwide Christmas Seal sale set for December 1 to 11 have just been perfected, according to an announcement made public today by the National Tuberculosis Association here. The annual sale of Christmas Seals, which is held simultaneously by the 1,200 local constituents of the national association, provided the funds for the year-round fight against the Great White Plague which is waged in every state.

Following conferences with the tuberculosis officials, Commander Evangeline Booth, head of the Salvation Army, has just issued instructions covering the part her organization is to play in the undertaking, and with the co-operation of Commissioners Thomas Estill, William Pearl and Adam Gifford, New York, Chicago and San Francisco territorial commanders, respectively, between 30,000 and 40,000 Salvationists will devote the evening of Wednesday, December 8, and all of the following day to the sale of the little stamps. Command-

er Booth herself plans to man one of the selling stations to be opened here.

"Of the 1,300,000 active and suspected cases of tuberculosis in this country," said Miss Booth, "by far the larger number are among the poor—the very classes to which the Salvation Army has been ministering for 40 years."

Amusements

"Food For Scandal," Princess

Wanda Hawley and Harrison Ford are at the Princess today in "Food For Scandal," and in addition a news reel and the Paramount magazine will be shown.

Thomas Meighan's first Paramount starring vehicle, "Civilian Clothes," which will be at the Princess Thursday and Friday, was produced by Hugh Ford from Thompson Buchanan's popular play of the same name.

The story concerns an overseas captain who marries a pretty American society girl in France. She is attracted to him chiefly because he is so handsome in his uniform. Later, after she returns to America, comes news of his death. She has renewed her acquaintance with another admirer when her husband, very much alive, comes to her home. Disappointed at his unromantic appearance in civilian clothes, which show atrocious taste in their cut and color, she snubs him. The gallant ex-captain thereupon secures a job as butler in his wife's household with the avowed purpose of teaching her a lesson in democracy. The results are amusing in the ex-

treme; and, of course, the story ends happily.

Mr. Meighan's supporting company includes Martha Mansfield, the beautiful heroine of "Dr. Jekyll and Mr. Hyde," and other screen notables.

Tyrons Power at Mystic

When a complete history of the stage is written, among the golden pages devoted to the great achievements of actors a conspicuous one will be found devoted to extolling the masterly performance of Tyrons Power, star of "The Great Shadow," which will be shown at the Mystic theatre today.

The spoken drama, both here and in England, during the past decade, owes much to the genius of Mr. Power. He began with Madame Janushek and his work with this eminent artist resulted in his obtaining an engagement from Augustin Daly to support the late Ada Rehan in a series of Shakespearean roles. With Julia Marlowe he was seen in the original production of "When Knighthood Was in Flower."

With Mrs. Fiske he played the Marquis of Steyne in "Becky Sharpe." With Beerbohm Tree and Sir Henry Irving he was conspicuously featured. With Henrietta Crosman he appeared in "The Christian Pilgrim," and so on down the line he scored in one success after another. His greatest claim on the hearts of the American playgoing public was his performance in "The Servant in the House."

The motion picture stage then claimed him, and of the many successes in which he has scored there is none in which he gives a more impressive performance than in "The Great Shadow."

TO TAKE CENSUS OF ALL WORLD WAR VETERANS

First Step of The Legion in a Campaign to Make Life Worth Living For Sick and Disabled

CARDS TO BE DISTRIBUTED

New York, Nov. 16.—Work was started today by the 9700 posts of the American Legion in this country on a census of all veterans of the World War who are still inmates of government and private hospitals. The census is the first step of the Legion in a campaign to make life more worth living for the sick and disabled.

A card will be made out for every man in hospital, giving information on his name, home address and organization with which he served. The data will be obtained by committees from all Legion posts and the cards filed at national headquarters in Indianapolis. The index will be accessible to anyone wishing to locate a sick or wounded man.

Under the Legion plan, every man in hospital will be visited at least once a week. Outings and entertainments will be organized, delicacies and reading matter will be supplied and every man will be made to feel that a personal interest is being taken in his case. The spirit of the plan is to humanize hospitalization work. Every one in the community will be asked to help, but the Legion will lead the way.

There are still more than 20,000 disabled and sick veterans confined in about 1200 government and private hospitals.

The Indiana department of the Legion last week announced plans for visiting ex-service men in hospitals in the state. It is the first department of the Legion to take this step.

WHITE PLAGUE EMBLEM HAS BEEN COPYRIGHTED

Double Barred Cross Has Been Protected Against Its Use by Some Questionable Agencies.

ADOPTED IN PARIS IN 1902

Indianapolis, Ind., Nov. 16—Murray A. Auerbach, executive secretary of the State Tuberculosis Association, today announced that the official emblem of the world's fight against the "white plague"—the double cross—has been copyrighted as a protection against its use by some questionable agencies and concerns in some parts of the country.

Dr. Charles J. Hatfield, managing director of the National Tuberculosis Association, has just notified Mr. Auerbach that the emblem of the tuberculosis fight has been thus protected "for the benefit of our own organization and the eleven hundred affiliate state and local associations."

The double-barred cross first was adopted as the international emblem of the fight against tuberculosis at a conference in Paris in 1902. It was suggested by Dr. G. Sersiron and is adapted from the Croix de Lorraine, which in turn dates back to the original Creek two-arm cross. In 1906 the cross was adopted by the National Tuberculosis Association as its official emblem. Later it was standardized as to proportions.

It has been used by all of the anti-tuberculosis agencies throughout Indiana as their official trademark for many years. Hereafter it will be kept inviolate for the use of the anti-tuberculosis work, according to Mr. Auerbach's announcement today.

Beware of these foot troubles!

Bunions, callouses and corns,

flat foot, turning ankles, cramped or overlapped toes—all these endanger your whole physical condition

(1) Bunions and corns make normal walking and standing impossible and, if neglected, contribute much toward the wear and tear on one's whole physical make-up

(2) Flat foot can make weaklings of even the strongest men and women

(3) Weak, turning ankles, an indication of weak arch, weaken the whole movement of the legs and body

(4) Overlapped or cramped toes strain the muscles from toe to thigh and noticeably affect the nervous system

Chicago foot expert coming to our store

Do you know that nervousness, stomach disorders, headaches, spinal deformities, drop shoulders, rheumatics, neuralgia and many other diseased conditions are often directly caused by foot trouble?

Authorities agree that upon the foot depends the physical well-being of the whole body!

Do not neglect your feet! You now will have an opportunity to have your feet examined and to find out just what they need for their

immediate and permanent relief from pain!

A Chicago Practitioner—a foot expert—trained in Dr. Scholl's methods of foot relief

—is to be in our store.

He'll examine your feet free and tell you which of the scientific appliances designed by Dr. Scholl you need.

He'll show you how to have absolute foot comfort—the essential of perfect health for your whole body.

Another Royal Suggestion 3-Egg Angel Cake and Mocha Layer From the NEW ROYAL COOK BOOK

AN Angel cake so good that it fairly melts in your mouth. Instead of eight eggs, it can be made with three and the yolks of the eggs can be used for a Royal Sunshine cake.

Here, too, is a Mocha Layer cake which you will want to try, and clip for future use.

Angel Cake

1 cup sugar
1 1/4 cups flour
1/2 teaspoon cream of tartar
3 teaspoons Royal Baking Powder
1/2 cup scalded milk
1 teaspoon almond or vanilla extract
whites of 3 eggs

Mix and sift first five ingredients four times. Add milk very slowly, while still hot, beating continually; add vanilla; mix well and fold in whites of eggs beaten until light. Turn into ungreased angel cake tin and bake in very slow oven about 45 minutes. Remove from oven; invert pan and allow to stand until cold. Cover top and sides with either white or chocolate icing.

Mocha Layer Cake

1/2 cup shortening
1/2 cup sugar
2 eggs

1/2 cup strong coffee
3 cups flour
3 teaspoons Royal Baking Powder
1/2 teaspoon salt
3 teaspoons mixed spices

Cream shortening and sugar until light; add well beaten yolks of eggs; add coffee slowly; add half of flour sifted with baking powder, salt and spices; mix and add well beaten whites of eggs; add remainder of flour and mix lightly. Pour into two greased layer cake tins and bake in moderate oven. Spread sweetened whipped cream between layers and cover top with —

Mocha Icing

1 tablespoon butter
1 cup confectioner's sugar
1 tablespoon cocoa
3 tablespoons strong coffee
1/2 teaspoon salt

Cream butter and sugar; add cocoa, coffee and salt and stir until smooth. If too dry, add coffee; if too moist, add sugar.

CHICAGO OPERA TO OPEN TENTH SEASON

"Jacquerie" Will Be First Number and Prospect For Brilliant Season is Seen

INCLUDES OTHER NUMBERS

Chicago, Nov. 17—The tenth annual season of the Chicago Opera association opens tonight with the American premier of "Jacquerie". Herbert Johnson, executive director of the association, declared that there is every prospect of this season will be the most brilliant in the history of the association.

Among the high spots which will contribute to the success of the season, Johnson believes, will be the return to Chicago after a long absence of Lucien Kuratore, world-famous tenor, the appearance of Mary Garden in Aphrodite on New Year's eve and the revival of the German opera to be sung in English.

Gine Mainuzzi, artistic manager of the organization and composer of "Jacquerie" will conduct the first presentation of the opera in America tonight. Three new operatic artists will make their debut while Edward Johnson, Yvonne Gall and other stars will sing the main roles.

Titta Ruffo will sing this season in "Edipo Re" when the opera will have its world premiers at the Auditorium. This opera the last work of Leoncavallo, was composed especially for Ruffo.

Amelita Galli Curci will again be heard in Italian operas during the season.

TWO FACE IMMORAL CHARGE

Fourteen Year Old Girl Names Parent as One Defendant

Shelbyville, Ind., Nov. 17—The trial of Ira Lee, in a statutory charge preferred by Lillie Anderson, 14, was scheduled to open here today. John Anderson, father of the girl, also is to go on trial for a similar offense against his daughter. Lee and Anderson were arrested as a result of a story which the girl told police.

Anderson who is 60, is alleged to have made immoral approaches to other girls.

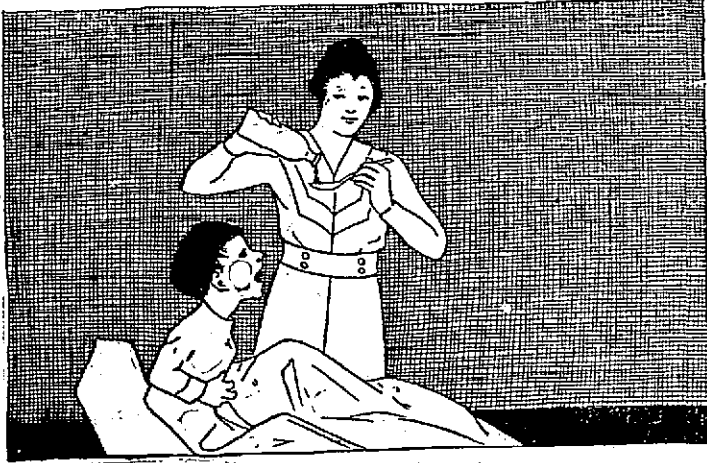

Both the defendants have been held in the county jail.

AUTOPSY SHOWS POISON

Chicago, Ill., Nov. 17—Sufficient grain alcohol was found in the stomachs of Miss Mary Rhodes and Lillian Thompson, actresses, found in Grant Park, to have caused their death, Joseph McNelly, coroner's physician announced today. A tract of no other poison has been found.
